DANIELS SEES ALL PHASES OF HAWAIIAN LIFE

BY ASSOCIATED PRESS.

LEASER WIRE TO TRIBUNE.

HONOLULU, Aug. 22.—An auto tour of the island of Oahu was made today by Secretary of Navy Joseph Daniels and officials of the warships that accompanied him here.

The secretary saw all phases of Hawaiian life, from the modern Honolulu to tiny villages where natives still live in grass huts used in Hawaii for 1500 years. They passed the royal mausoleum where lie the bones of many of Hawaii's native rulers; they drove through tens of thousands of acres of growing sugar cane and through enormous pineapple plantations.

WALES PRINCE DECKS TOMB OF COLONIAL FOES

QUEBEC, Aug. 22.—On the Plains of Abraham, where more than a century and a half ago, the British and French fought for the mastery of Canada, the Prince of Wales today placed a wreath upon the monument to Wolfe and Montcalm, British conqueror and French loser, in that struggle.

English and French citizens united today in paying homage to their future ruler. Great crowds lined the flag-bedecked streets and cheered when the prince approached, and numbers of tourists from the United States joined in the ovation.

program was the opening of the Quebec bridge, which has been completed after two accidents. There were numerous addresses.

STAGE IS SET FOR WELCOME TO MEN OF SEA

With Eastbay day in honor of the entrance of the Pacific fleet under the command of Admiral Rodman into San Francisco waters, definitely named for Wednesday, September 3, citizens welcome committees are hurrying program plans and getting them into final shape for the monster reception to the 14,000 officers and men who will be the country's guests and the thousands of visitors who have gathered their intentions of making headquarters in Oakland, Berkeley and Alameda.

The housing of the multitude in a city already crowded with tourists and newcomers is being looked after by a special committee, which is promising accommodations to all strangers. Private homes and club houses will be opened to the "gobs."

Secretary of the Navy Daniels, with Admiral Rodman and other distinguished persons, will be Alameda county's special guests September 3. At a mass meeting in the Greek Theater Secretary Daniels will address the people of the community. He and his official party will devote a part of the time to an inspection of the proposed sites for a naval base.

WOMEN WILL ENTERTAIN.

In honor of Mrs. Daniels and the women who are accompanying the fleet, entertainment will be arranged. Athletic contests, water sports on Lake Merritt, and dances in the Civic Auditorium, luncheon and dinner and sight-seeing trips are included in the tentative program in honor of the men of the sea.

Larue is scheduled to meet fleet commanders at the dock.

The part the girls' division, War Camp Community Service, will play in what promises to be the most brilliant event ever staged on this side of the bay, will be outlined at a meeting of the members tonight in the club rooms, 1444 San Pablo avenue. More than 2000 young women have been mobilized to assist in extending hospitality to the country's guests. Dances and lake parties are being considered.

VETERANS ENROLL.

Enrollments of returned veterans, girl and women war workers, is going on at fleet headquarters in the Oakland City Hall, that the Eastbay cities may be represented by a single unit in the War Women's day celebration in San Francisco on September 2. Contra Costa county has been invited to unite with Alameda county in the representation. Special distinction will be accorded "gold star" mothers and those whose sons have returned from foreign duty.

J. F. Chambers, chairman of the special events committee, leaves for Santa Barbara tonight to conclude arrangements for the sailors' participation in the recreational features. Alameda unit committee is expecting to send delegates to Monterey on Tuesday to complete plans for detailing sailors to that city for a sports program.

War Camp Community girls are being enlisted for a more extended sale of welcome buttons; Boy Scouts and four-minute speakers are busy in the campaign which is pouring funds into the treasury. They will take care of the celebration expenses. The orators representing the old war organization who will continue their efforts in the theaters this week are Robert Oberholser, John W. O'Neil, L. P. Moore, Clinton C. Dodge, Harry C. Schroeder, J. R. Munsell, James R. Harvey, J. H. MacLafferty, Albert C. Agnes and Rev. Charles E. Price.

SALES INTO BAY AT 11 A. M.

Admiral Rodman has announced that his armada will sail through the Golden Gate at 11 o'clock on the morning of September 1. The review will be timed as nearly as possible for 11:30 a. m. on that morning. Secretary Daniels will join the fleet at Santa Cruz on the morning of August 31, landing and preceding to San Francisco by train. The battleship Oregon will leave Bremerton, where she is being put into commission, on Monday, awaiting Secretary Daniels' arrival and the hoisting of his flag. At 10 o'clock on the morning of September 1 Daniels and his party will go aboard the old sea dog and proceed outside the heads to join the fleet, which will arrive off the lightship on the previous evening. When the armada arrives in the bay it will be escorted by ten aeroplanes, five of which will have accompanied it from Santa Cruz.

LAUNCH CONVOY.

Proceeding abreast of the battleships along the coast from Santa Cruz to San Francisco will be the great caravan of automobiles, above which aeroplanes from Mather field will circle. Wireless communication will be established with the fleet on its northern voyage. At the junction of the Sloat boulevard and the Great Highway the motor procession will pass in review.

Secretary Daniels has radioed from Honolulu an invitation to wives and women relatives of the officers of the fleet to join the official party aboard the Oregon. That the ceremonies of review may be witnessed by the multitude it has been arranged that the Oregon will be anchored off the Marina, as the ships pass by after it has been piloted through the Gate by Admiral Rodman.

A visit to Secretary Daniels to Hunter's point naval base site has been arranged for Monday afternoon, leaving the city Tuesday, September 2, will be marked with a reception and luncheon at the Palace in honor of Secretary Daniels and the officers of the fleet, followed by the monster parade in honor of the Women War Workers. The Victory ball is announced for that evening in the Civic Auditorium. Thursday evening will stage the enlisted men's ball and street dancing in the civic center.

PERSHING TO BE MET IN N.Y. BY PRESIDENT

BY INTERNATIONAL NEWS SERVICE

LEASER WIRE TO TRIBUNE.

WASHINGTON, Aug. 22.—When General John J. Pershing arrives at New York aboard the Mount Vernon either September 9 or 10, he probably will be greeted by President Wilson.

The President is keenly interested in the return of General Pershing and of the First Division and is anxious to be among the first to welcome them to American soil. His decision will hinge on future developments, especially with references to progress made by the Senate foreign relations committee with the peace treaty.

Plans for the President's western trip are still indefinite, White House officials said.

NINE MEN WHO FOUGHT FOR U. S. NOW 'CITIZENS'

When a man has fought for his adopted country, judges are not likely to quibble much when he asks to be made a citizen of it.

Speed records in admitting applicants were broken yesterday when Superior Judge J. J. Tra-

bucco presided at the first examination for citizenship under the naturalization act amended July 19, 1919. Nine men who saw overseas service were admitted.

Joseph Walsh, boilermaker of 457 Twenty-fifth street, told of the death of his brother, Martin, in battle, May 29, 1918. Joseph Walsh himself served with the 1st Engineers in France.

Others admitted were: Rolf Miller, shipworker, 5334 Whitney street; William Kremas, shipbuilder, 755 Thirteenth street; Michael Costello, laborer, 913 Poplar street; Richard Corcoran, railway conductor; Richard Elwell Onions, student, 1083 Park avenue; George Kaumouris, cook, 910 Seventh street; Thomas Irving Foster, hardware clerk, 2315

Coroner Says Woman Killed by Accident

The suicide theory, advanced by the Alameda police after the accident, has been abandoned by Coroner Grant D. Miller in the case of Mrs. Signa Erickson, Oakland waitress, killed by an Alameda train just east of the pier. According to friends and associates Mrs. Erickson was subject to spells of mental derangement and suffered poor eyesight and it is believed that she may have wandered on the tracks during one of these spells.

The authorities have notified her husband, in Chicago, that he may claim their 14-year-old daughter, Florence, who is now being cared for by the Childs Welfare League.

STEAL CLOTH FROM WINDOW

SAN FRANCISCO, Aug. 22.—Using a diamond-pointed glass cutter, burglars removed a portion of the show window in Meyer Rafael's tailor shop, 3155 Twenty-fourth street, early this morning, and loaded into an automobile 34 bolts of cloth valued at \$200.

WILSON REVIVES LEAGUE INTEREST

LONDON, Aug. 22.—Revived interest in the league of nations and the proceedings of the peace conference has resulted here from President Wilson's testimony before the Senate foreign relations committee.

The allies' concealment of secret treaties strengthened Wilson's moral position, says the Manchester Guardian, which wonders why the President did not use his position more fully.

The Daily Graphic declares there is one aspect with regard to the difficulty over article 10 which should watch heavily on America. Had it not been for the endurance and sacrifices of the allies, the editorial declares, the Monroe doctrine would not be much today "besides a sweet memory controlled by Germany."

Bauman of the Santa Fe, but the Owl train that was due in at 6 a. m. was annulled. Bauman states that he had no information yet about strike conditions other than the press accounts.

The northbound train, leaving here at 2:30 a. m., got away on schedule, and the 3:40 a. m. northbound train is scheduled to leave on time. The 1:15 p. m. and 3 p. m. trains, northbound out of here, are expected by Bauman to leave on schedule also, equipment and crews being available here to send out all of today's trains even if none arrive from the north.

Agent Bauman states that no dissatisfaction exists among the trainmen here, insofar as he has been able to learn.

 SAN FRANCISCO, Aug. 22.—Shoppers of the Western Divisions of the Southern Pacific and Santa Fe Railways are voting almost unanimously for a strike to enforce demands for wage increases. T. C. Robbins, international representative of the Shoppers' Union announced today upon his return from a tour which included visits to Sacramento, Portland, Pocatello, Seattle, Salt Lake, Ogden and Sparks.

The union has 1000 members in the western district, Robbins said, and is demanding increases of pay from 65 to 85 cents an hour for journeymen and 75 to 95 cents an hour for apprentices.

The strike ballots will be canvassed Sunday, Robbins announced.

W. R. Scott, federal manager of the Southern Pacific and Western Pacific Railroads said today that the trainmen and shopmen at Colton had gone on strike, presumably on behalf of the striking street car and interurban train men in Los Angeles, but that the trains between Los Angeles and San Francisco which were withdrawn last night will be resumed today. These trains are the Lark and No. 43 and 109.

 LOS ANGELES, Aug. 22.—A meeting of about 500 striking trainmen and electric railway men was held this morning here and adjourned shortly before noon to permit committees to complete a general strike organization.

The steam road men who struck yesterday without stating their demands said today that "we won't go back until they all go back and no 'scabs' are left," but refused to give out an official statement.

SAN FRANCISCO, Aug. 22.—Federal Manager W. R. Scott of the Railroad Administration announced this morning that the strike of railroad employees in the south was confined to the Los Angeles division of the railroad units affected and was not a part of a general strike throughout the western states, as has been rumored.

Yardmen and switchmen went out at Colton, the division point of the Santa Fe this morning," Manager Scott said, "though we had no means of knowing what the men intended to do; it is not improbable that railroad points reached by the Pacific Electric Company will be affected."

Trains 77 and 107 left in two sections this morning, carrying passengers who were held up through the cancelling of the Lark 49 and 109 trains last night. These trains will be resumed today, according to Manager Scott, who said: "We will furnish normal service from and to the south and regular trains if the division officers are required to act as crews."

Archduke Joseph Has Resigned U. S. Not to Recognize Hapsburgs

VIENNA, Aug. 22.—A state of armed forces on the frontier and siege was proclaimed throughout Hungary today. It was learned in despatches from Budapest.

PARIS, Aug. 22.—Herbert Hoover's urgent representations to the supreme council to depose Archduke Joseph as the head of the Hungarian government to prevent the Hapsburgs from getting a foothold in the country was today termed "the most sensational bombshell which has been thrown into the peace conference since the departure of President Wilson."

It is understood that Hoover convinced Premier Clemenceau and A. J. Balfour, British foreign secretary, of the correctness of his position. Notification has been given, the American envoys said, that the United States will not recognize the Hapsburgs under any consideration.

LONDON, Aug. 22.—Shipment of American food into Hungary has been stopped because of the action of the Rumanian military authorities in requisitioning Hungarian relief supplies, said an Exchange Telegraph dispatch from Budapest today.

POKER PLAYING NO CRIME, SAYS POLICE JUDGE

Poker playing is not a crime under present laws, held Police Judge Mortimer Smith today, and dismissed the cases against thirteen youths. It was shown that the flat where the game was played had been occupied by the same youth for several months and there was no evidence that he was running a "gambling house." It was simply a "social game," said the witnesses. Bail of \$100 was returned to the defendants. The flat was that of Elmer

Remmer at Sixteenth street and San Pablo avenue.

Other alleged players gave names of Roy D. Grosse, Herman Gruher, William Nelson, Tom Huston, Robert Johnson, Lester Johnson, Lester Anderson, Lee Chovett, Charles J. Jones, Sig Jacobs, Thomas Hall, James A. Harris and Walter Mahan.

RAILWAY OFFICIAL QUILTS
 NEW YORK, Aug. 22.—Henry Rickard, chairman of the board of directors and president of the St. Louis and San Francisco railway, has resigned from both positions, it was announced today. The board elected J. S. Brown, chairman of the board of the Erie, to fill both vacancies.

Ugh! Calomel Sickens, Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated, breath bad, stomach sour and bowels constipated. But, don't take salivating calomel. It makes you sick; you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal money-back guarantee.

that each spoonful will cleanse your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your head and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Dodson's Liver Tone is entirely vegetable, therefore harmless, and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely now.—Advertisement.

JACK LONDON'S LAST STORY

The celebrated Oakland author, who gave the world "The Sea Wolf," "Martin Eden" and other masterpieces of fiction, was at his very best in his last wonderful story.

"Hearts of Three"

A great, virile tale of hidden treasure, wonderful romance, and vivid, dramatic happenings, told with the wonderful sweep of fancy that only Jack London could command.

"HEARTS OF THREE" is the story of a young American in whose blood flows that of Morgan, the famous buccaneer of olden days.

HEREDITY comes upon him in his search for treasure and a bride; the ghosts of his ancestors inspire him; he is recreated as in a former life!

FROM NEW YORK society to the primitive fastnesses of Central America; from love to fighting; so runs the gamut of the story.

THE SECRET OF A LOST RACE, guarded by the Mayas, in the tropics, is told.

IT'S THE STORY OF STORIES YOU SIMPLY CAN'T MISS!

Will be published shortly in serial form in the

BAY-OWNED TRADE FLEET PROPOSED

SAN FRANCISCO, Aug. 22.—A steamship line of fifty passenger and freight boats, operating out of the bay and backed by the people of California, is the latest plan to be broached by shipping experts as a means to insure America's merchant marine in the future. Floating of \$100,000,000 capital stock among the people of this district and state, cooperation of all sections in California and the organization of an extensive agency system all over the world are problems which are to be met by the advocates of the plan. Proposal of the publicly owned fleet and its organization was made to the San Francisco Chamber of Commerce by officials of the Maritime Navigation Company. This plan has the endorsement of John H. Roessler, director of operations, who suggested a similar fleet before leaving for Washington, and is also advocated by Assistant Director of Operations Harold H. Ebey. A meeting will be called in the immediate future by officials of the San Francisco Chamber of Commerce, to which delegates from similar bodies throughout the state will be invited. At that time the plan, together with means of organization, will be discussed. Other districts, including New York and New Orleans, are promoting a similar plan, it is said by shipping men. A final will be reached through a brisk campaign, according to the plan's sponsors.

PLAN TO GIVE AID TO HEALTH CENTER

A special meeting of the members of the Alameda County Society for the Study and Prevention of Tuberculosis is called for tonight at Hotel Oakland to take formal action upon the resolutions which were adopted last week by the executive board, relative to the future of the organization. By the resolutions the society pledges itself actively to cooperate in the organization of the Alameda County Health Center while maintaining its corporate existence. The executive board recommends that the tuberculosis clinic of the society be incorporated in the general clinics of the public health center and that no embarrassment be felt in the new appointments, subject to the approval of the medical staff, a date will be announced to terminate all medical staff appointments. Members of the executive board of the Anti-Tuberculosis Society are: Judge Charles E. Snook, president; Mrs. Alice G. Freeman, vice-president; Miss Annie E. Brown, secretary; Dr. Edward von Adelung, Dr. William H. Strickland, Dr. Chesley Bush, Frederick Kahn, A. B. Cary, T. C. Cuveller.

War Camp Girls to Hear Dr. Reinhardt

The first "get-together" meeting of the girls' division, War Camp Community service, will be held this evening at 8 o'clock in the club rooms of the girls' division, 1444 San Pablo avenue. Dr. Aurelia Reinhardt, president of Mills College, will be the guest of honor and will address the girls. Mrs. Margaret Elderkin, the new director of girls' work for Oakland, who recently arrived from Chicago, will have her first opportunity to meet with the girls as a unit. Plans for the entertainment of the motor truck convoy and fleet will be announced at this meeting. A musical program has been arranged and later a social hour will be enjoyed by the girls.

Medals for Members of Transport Corps

In recognition of its historic transcontinental trip, the motor convoy of the United States army transport corps, which arrives here Tuesday, September 2, the officers and men of the motor transport will be presented with medals by the Lincoln Highway Association commemorating the event. It is over the Lincoln Highway direct from Washington to Oakland that the motor transport is making its home-mile journey. Joseph E. Caine, state consul for the Lincoln Highway Association in California, is making arrangements for the presentation ceremonies.

Here's Good Chance to Stock Wine Cellar

SAN RAPHAEL, Aug. 22.—Any honest thief who knows how to get a motor truck and is willing to work nights can get a good temporary job from Dr. F. E. Sawyer, public administrator of Marin county. It is Sawyer's duty to dispose of the \$3000 estate of John Crockett, who left among other things, three barrels of red wine. Certain provisions of the state law won't let Sawyer give away the wine, the federal law, probably to save and Sawyer doesn't exactly like the stuff.

Rooseveltians Hope to Dominate G. O. P.

HARRISBURG, Pa., Aug. 22.—A nationwide movement for the election of a delegate to the next Republican national convention who will favor a candidate "embodying the policies and ideals of Theodore Roosevelt" got under way here recently. Prominent Pennsylvania "Bull Moose" in conference decided to initiate the campaign, which was said to have the sympathy of all the Progressive senators and congressmen in Washington.

EDUCATED CARP

MEADVILLE, Pa., Aug. 22.—The prize fish story of the season comes from Crawford county, where a man owns a pet carp. Whenever he feels like going fishing he digs a few worms and throws them into the tank occupied by the carp. If the fish grabs them the man gets his pole and goes fishing; if the carp passes them up the man stays at home, feeling that is no day for fishing. Thus the man figures that he loses no time, and he always returns with a nice string of fish, according to the story.

FIRE WAKES HIM UP. VINCENNES, Ind., Aug. 22.—Charles Marchino, a farmer, dozed comfortably atop a load of hay while his team jogged lazily along the road. That is, he dozed until he discovered that sparks from his pipe had set fire to the load. The hay and wagon were destroyed and the mules burned badly before he could release them.

TIRPITZ BARES TEUTON PLOT TO BETRAY FLEET

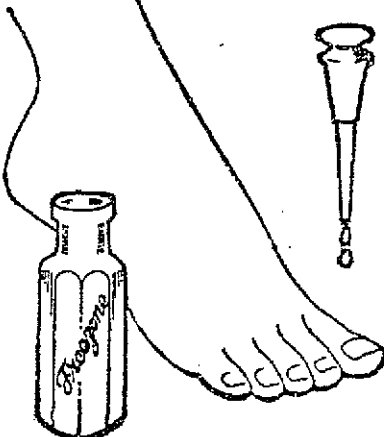

(Exclusive Cable to the International News Service and London Daily Express.) AMSTERDAM, Aug. 22.—In his memoirs, extracts from which were published here today, Admiral von Tirpitz, originator of Germany's submarine warfare, accuses German diplomats of trying to dispose of the German fleet to England. Criticizing the tactics of the German fleet in the battle of Heligoland, von Tirpitz said: "I failed to bring the Kaiser to reason. The fact is Chancellor Bethmann-Hollweg was working with Admiral von Pohl for the loss of our fleet. The whole gang of diplomats had but one wish—to sell our fleet to England after the war. This is the whole mystery of their treacherous conduct."

Auto Driver Proves 'Other Man' to Blame

On his showing that the express wagon with which he collided was running on the wrong side of the street, and that he had the right of way, the charge of driving while intoxicated was dismissed today against Winslow F. Weiss. The accident occurred at Sixteenth and San Pablo and Weiss was arrested by Inspector Alexander Sheffer. The case was heard by Judge Mortimer Smith.

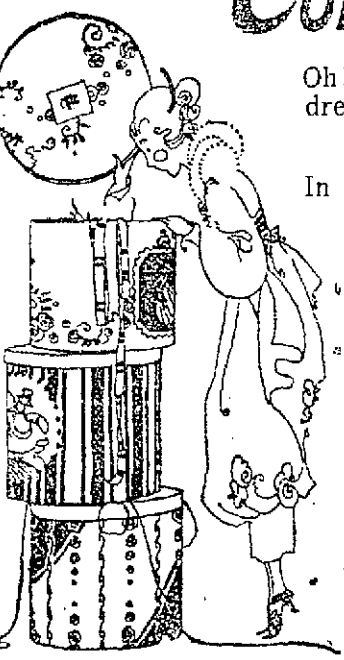

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of foot. A tiny bottle of "Freezone" costs little at any drug store; apply few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Advertisement.

SHORT SKIRTS MAKE MEN FLIRT, DECLARES WIFE

CHICAGO, Aug. 22.—"It's the fault of the skirts," indignantly declared Mrs. George Rasmussen, commenting this morning on the arrest of her husband, wealthy head of a tea company, on the charge of being a "masher."

"I'm for my husband and I'm for the other men of Chicago. I can't blame them for looking at the girls, with the short skirts and everything like that. It's certainly the fault of the women. They make the men flirt."

Union Chief Visits N. Y. on Strike Mission

CHICAGO, Aug. 22.—E. J. Evans, one of the six steel union leaders upon whom may rest the responsibility for calling a nation-wide strike of 250,000 steel workers, left today for New York. There he will meet other members of the sub-committee to confer with officials of the United States Steel Corporation.

"We hope it won't be necessary to call a strike," Evans said. "But if the steel corporation heads don't grant our demands and we are forced to issue the strike order every union steel worker in the United States will quit work."

CITY MUST GIVE COSTA JOB AGAIN

Because his contract with a cal shipyard for a year's employment was based on a civil service board resolution granting him a year's leave of absence from city employ, conditional on his remaining a war worker, Fire Lieutenant A. W. Costa, ordered dismissed by Commissioner F. F. Morse, may legally regain his position. Instructions were given today that if Costa presents himself for duty before September 10, the time set in his leave, his old position must be waiting for him.

This order follows a decision by City Attorney H. L. Hagan overruling the action of the civil service board in cancelling all leaves of absences for war work on January 1 of this year. The Costa leave was granted for a year, according to Hagan, conditional on his remaining in government contract work. The blanket rescinding of all war work leaves, the attorney holds, cannot affect him, as his time of leave is definitely set forth. If the strength of this he made his shipyard contract. Hagan holds that the city has no legal right to hold up his rating on his return up to the time his year of leave expires.

SHAME, DECLARE BROTHERS FINED FOR FIGHTING

HOLTVILLE, Cal., Aug. 22.—"A. H. Dickey and J. B. Dickey to the bar," said Justice of the Peace McDonald.

"Related?" queried the judge.

"Brothers," replied one of the two.

"You're charged with fighting on the public streets."

"Guilty."

"Ten dollars."

"Send me your check book," said A. H. and J. B. handed it to him. After paying the judge with separate checks they walked out arm in arm.

"Shame we can't do as we please," said A. H.

"Yep, it's a shame!" J. B. confirmed.

Auto Wreck Causes Nervous Breakdown

ATCHISON, Kan., Aug. 22.—Miss Anna Glancy suffered a severe nervous breakdown as a result of a very peculiar automobile accident here. While driving her automobile during a rather severe wind, the wind blew her shirt over her face, causing her to lose control of the car. The machine swerved into a roadside ditch, and Miss Glancy was picked up, apparently uninjured, but examination by a physician developed the nervous attack.

Money Order Found Old Enough to Vote

WAUKESHA, Ill., Aug. 22.—Time and money are nothing, apparently, in the life of some one who recently

presented a United States Express money order for \$25 for payment at the office of the American Express Company here. The order was 23 years old. J. A. Pickens, the agent, could get no explanation from the

men who presented it. He refused to honor the order until advised from headquarters because the company 23 years ago was a private corporation and is now under government control. The holder's name was not divulged by the agent.

EASTRAY SOCIETY NEWS

Society Plans Market Day In September

Market Day for the Ladies' Relief Society is the big venture ahead for that organization, and for which every maid and matron with the welfare of the society for the care of little children and elderly ladies at heart, will put their shoulders to the wheel until the morning arrives when the City Hall Plaza will present a gala appearance, flags and bunting decorating the many tents arranged about the square.

September 13 is the memorable day set for the market, when shoppers will come with their "war-time" market baskets to go the rounds of the booths and select delicacies for the Sunday dinner. The committee has emphasized that regular market prices will be strictly adhered to.

The nickel dance, one of the largest features of the day, will this year be under the supervision of Mrs. Clifford Durant, who in turn will have the assistance of Mrs. William Havens, Mrs. Walter Woodward Moore and Mrs. Joseph Carlsson.

The ice-cream booth is to be under the direction of Mrs. Frank Hunt, and with this concession will be Mrs. Percy Murdoch, Mrs. Lester Green, Mrs. Kenneth Lowden, Mrs. Harold Havens, Mrs. Q. W. Hawkins and Mrs. William Cavallier.

Mrs. Charles Youngberg will preside over the cookie booth and Miss Helen Kinsell will have fancy cakes. Aprons and fancy work are to be at Miss Helen Campbell's booth. Mrs. George Rothbauer will have coffee and sandwiches at her concession and Mrs. J. P. Smith, meat pies.

The country store and auction are to be in the hands of Mrs. Walton Newwood Moore.

Mrs. Horatio Bonestell and a corps of the younger girls will sell chewing gum that day and among other concessions so far arranged for and their chairman are: Lemonade and drinks, Mrs. William Thornton White, hot dogs, Mrs. Willard Williamson; peanuts, popcorn, Mrs. Harry East Miller; cigars and cigarettes, Mrs. Harrison Clay; cakes, Mrs. James Dunn; candy, Mrs. H. S. Kergan; salad, Mrs. Frederick Stuhner; cakes, Mrs. Charles Neal; doughnuts, Mrs. A. S. Macdonald; potato chips, Mrs. Glen Barnhart; jams and jellies, Mrs. C. P. Jarvis; fruits, Mrs. Emil Fritsch.

Miss Matilda E. Brown as president of the Ladies' Relief Society, will assist Mrs. Joseph Russell Knowland, general chairman of the day.

EASTRAY MOTORISTS AT YOSEMITE

Yosemite National park attracted a number of motorists the past few nights. Mr. and Mrs. P. E. Bowles, Robert H. Bowles and Chris McNamara have divided their time between the Sentinel hotel in the valley and Glacier Point hotel. From Berkeley at Glacier are registered Mr. and Mrs. C. W. Lucas, Miss Ethel Lucas and Mr. and Mrs. J. C. Sperry and their family together with Mr. and Mrs. August Sperry.

Stopping at Tenaya Lake lodge on their way into the Yosemite valley, the past week, were Mr. and Mrs. Charles D. Bates and the Misses Margaret and Florence Bates, L. J. Freeman and P. H. Bachman. From Berkeley were S. P. Seaton, Mr. and Mrs. F. S. Tibbets and son, Miss Mabel DeWitt, Miss M. L. Teague, Mrs. E. K. King, H. S. King and Charles P. Naylor.

Healthy Mothers Healthy Babies

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when I months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. FRANK MONTANA, Mitchell, Ind.

Good health during and after maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

NATION-WIDE UNION IS PLAN OF TEACHERS

That the Oakland teachers' organization, which directed the campaign for a higher teachers' salary here, may be the model for a new nationwide association of school teachers, is the plan of the American Federation of Labor, stated by Superintendent Fred M. Hunter, who, while in the east as chairman of the resolutions committee of the National Educational Association, investigated in detail the organization plan.

"The educational system of America today is facing the gravest crisis in history," said Hunter. "The big problem of today in educational circles is whether the teachers of America shall get together in an effective professional organization that make its demands felt. At the N. E. A. session it was held that the organization here in Oakland was typically ideal and this is significant."

"Organization in class lines was not held practicable; a great general organization of teachers, principals and supervisors, with delegates to form the national council, is the plan under contemplation."

"The detailed plan is essentially this: 'Reorganize the National Educational Association, enlisting every teacher in the local branch; these may elect national representatives, who will form the council.'"

"In all localities, in this present salary issue, it was found that the organizations that did team work put it over; those that were split in classes failed. New York was the most notable example; they got the highest teachers' salary rate in America."

"The plan contemplated by the N. E. A. is an organization parallel to, and co-operating with, but not a part of the American Federation of Labor. In other words, it is to be a professional organization."

POIOTICS IS MENACE
"The second big issue before the convention was the grave danger to school systems through domination of municipal politics. In the committee it was shown how the school system of Chicago was ruined by the actions of a mayor, whose administration was notoriously corrupt and who shut down on an appointive board of education which tried to make a professional selection for school superintendent. The same thing happened in Detroit and in Newark, N. J. The committee held that the appointive board of education was a menace."

"The plan contemplated by the N. E. A. is an organization parallel to, and co-operating with, but not a part of the American Federation of Labor. In other words, it is to be a professional organization."

Y. W. C. A. NOTES
Dr. Susan B. Fenton, the newly appointed medical examiner of the Physical Department, will leave next week for New York City to attend a short course of training in the national model health center of the association. This center has been established responsive to the enthusiasm in health center work. A series of full sessions will be held, which will be attended by physicians and others specially interested.

Mr. and Mrs. R. L. MacLellan, who have been identified with the dances of the Girls' Division, War Camp Community Service, will act as hostess for the season's series of dances. Admission on Friday night will be by cards only. Young men may obtain invitations by applying to Miss Margaret Pearson, recreation secretary, 1515 Webster street.

The Hoagess Club which will meet at dinner Tuesday night will consider plans for the entertainment of the fleet while in the bay cities. Enrollment in the club which takes charge of the pre-dinner dance is still open. Girls who would enjoy attending the informals are invited to join.

Miss Myrtle Walker, who comes from Portland, Oregon, has arrived in Oakland to accept appointment as swimming teacher. She has had eight years' experience in teaching swimming in the northern association.

The basket ball team has organized for practice. The first game will be played with the San Francisco "Y" team within a few weeks. Those who will uphold Oakland are: Misses Hattie Miller, Katharine Reedy, Jessie Thell, Jane Magnus, Laura Housh, Jessie McCalland, May Ivy. The girls will spend the week end at Willow Camp.

Young men and women interested in becoming recreation leaders are invited to join the class which will open September 8. Mrs. Mary Stebbins, Recreation director of the San Francisco "Y," has been added to the staff of lecturers.

Saturday morning class and parties are to be substituted for the Wednesday afternoon play parties for the younger girls. Younger high school and older grammar grade students are eligible. Miss Marion Blair, physical director, will be in charge.

Dr. Butler pointed out that the high cost of living question was one of the most important, and not merely one for the people of the United States. The causes which had contributed to bring about have been operating for many years past and the war has but hastened their operation and multiplied their effect.

These causes were divided into four divisions of which Dr. Butler said:

- "No. 1. Currency inflation, due in part largely to extravagance, public borrowing and general expansion of credit.
- "No. 2. Decrease in industrial production, due in part to the trans-

"No. 3. BAKERSFIELD HOTEL, STORES ARE DESTROYED

BAKERSFIELD, Calif., Aug. 22.—Fire that originated at 5 o'clock
this morning in the delicatessen de-
partment of Hochheimer & Co., com-
pletely destroyed both stores of
Hochheimer & Co., damaged Well's
department store and destroyed the
Well warehouse adjoining.
The flames spread across Twen-
tieth street destroying the Grand
Hotel and damaging Tepler's candy
store and Roy White's furniture
store. The estimated damages are
\$200,000. The flames are now un-
der control.

48,000 HARES ARRIVE HERE FOR MARKETS

Four thousand dozen wild Bel-
gian hare rabbits from Australia
have just been received in the bay
cities markets, according to local
wholesale commission merchants.
These rabbits are trapped in Aus-
tralia, packed and graded accord-
ing to size, inspected and then
crated for cold storage shipment
to America.

As winter is now on in Australia,
commission merchants say that
rabbit trapping in that country is
being carried on extensively and
receipts in the local market are
expected to increase.
The rabbits are packed in three
different grades. Small hares
weighing from 1 1/2 to 1 3/4 pounds
sell for \$3.25 a dozen wholesale,
medium sizes, ranging from 2 to
2 1/2 pounds each, command \$4.12 1/2
a dozen and the larger size weigh-
ing from 2 1/2 to 3 1/2 pounds are
quoted at \$4.75 a dozen.

HIGH FREIGHT IS SHIPYARD MENACE

Confronted with world-wide com-
petition and handicapped by a gov-
ernment freight rate which enables
Japanese shipbuilders to purchase
American steel and have it land down
in their yards in the Orient 7 1/2
cents per hundred weight cheaper
than it can be obtained by the Pa-
cific coast shipbuilders, George
Aimes, president and general man-
ager of the Moore Shipbuilding Com-
pany, yesterday laid the situation of
the shipyard before the Pacific
Coast Shipbuilders Traffic Associa-
tion.

His statement follows.
We have the site, we have the
good working climate and we have
a well-trained working force that
is second to no shipyard, so we
should be able to bid for any ship-
building contract against any com-
petitors. We now employ more than
7000 men and we hope to keep our
men employed.

But if an excessive freight rate
on ship steel from the East persists
no one can prophesy the future of
the coast shipyards, our guarantee
continuous employment for shipyard
workers.

Excessive freight rates eat up
profits. If there is no incentive for
a shipyard to bid for future con-
tracts there is no incentive for con-
tinued operation. If there is no con-
tinued operation it hurts the ship-
yard, the workmen and the store-
keepers and property owners in the
community where the shipyard is.

The burden really falls on the
workmen for it is the workman
whose employment depends
greatly upon the prosperity of the
industry in which he works. The
money of a shipyard is too greatly
diverted into over high freight ex-
penses for materials, it tends to
make less employment for the
worker.

We have a fine force of work-
men at Moore's. They showed their
capacity during those rush days
when the nation and all the nations
clamored for ships at a war neces-
sity. Now in the new era of peace
competition we want to keep those
workmen employed.

It is up to all of us—shipbuild-
ers and workmen—to strive to
bring down those high freight rates
on steel which threaten to endanger
the future of Pacific coast shipyards
and handicap them in competition
with the rest of the world.

Athens Parlor Plans Joy Ride on Briney

Several hundred members of Ath-
ens Parlor, Native Sons of the Gold-
en West, and their friends will par-
ticipate in the boat ride and picnic
which will be held Sunday. More
than a hundred reservations have
already been made with E. I. Gar-
rison A. L. Gerhardt, C. I. Corriean,
George N. Beyer and other members
of the general committee. The
steamer Pyramid, chartered for the
day, will leave the municipal dock
at the foot of Clay street at 9 o'clock
Sunday morning. Among the picnic
features, which will be held at Al-
varado, will be a campfire dinner,
games, dancing and picnic sports.
This will be the first of a series of
events to be given by Athens Parlor.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness and often

Due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by The Owl Drug Co. in Oakland and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance: the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and the cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and feeble, reports her own experience, writes: "Bitro-Phosphate was a magic transformation. I gained 15 pounds and never before felt so well."

CAUTION—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.—Advertisement.

ONCE GRAY HAIR NOT ALWAYS SO

No longer is it necessary for men or women to be held back on account of gray hair. The business world takes keen notice of gray hair nowadays—but why worry, when it can be easily restored to its natural color with the wonderful Co-Lo Hair Restorer?

A scientific process discovered by Prof. John H. Austin, of Chicago, in developing the natural color of the hair in a similar manner to that of developing the photographic negative. It is positively the only satisfactory and lasting treatment for restoring color to the hair in a safe, beautiful manner.

Co-Lo Hair Restorer is absolutely harmless and will not injure either the hair or scalp; is not a dye; contains no lead or sulphur; has no sediment and is as clear as water. It is pleasant and simple remedy to apply. It will not wash or rub off.

Co-Lo Hair Restorer comes in—As for Black and all Dark Shades of Brown.

—As for Extra Strong for Jet Black hair only.

—As for all Medium Brown Shades.

—As for all very Light Brown, Drab and Auburn Shades.

Co-Lo is on sale in all Owl Drug Stores.—Advertisement.

SOLDIER IS HELD FOR MAN'S DEATH

SAN FRANCISCO, Aug. 22.—Emil Pavlik, bugler of H Company, 44th Infantry, stationed at the Presidio, was sentenced to six months in the guardhouse for accidentally shooting and killing Adolph Newgard, the company barber, on June 5, in front of the building at 115 Valencia street, in court-martial findings handed down with the approval of Major-General Morrison.

Pavlik and Newgard were standing on the street, while Pavlik was playing with a revolver he had used in the rehearsal of a play that evening. Pavlik pulled the trigger, not knowing the revolver was loaded, and when Newgard dropped dead he fled. Later he gave himself up to the police and was turned over to the military authorities.

Other court-martial findings handed down yesterday were: Private Sam Harris of the San Diego coast defenses was ordered released from the fine of two-thirds of his pay for two months assessed by a court-martial for permitting two prisoners to escape. One of the prisoners, Private John F. Morrison, has the same name as the Major-General who reviewed the case of Harris. General Morrison held that Harris was not to blame.

Engineer George H. McKinney, C. A. C., was acquitted and the acquittal approved on a charge of being drunk while on duty in the engine-room at Fort Stevens, Or.

Private Joseph White was sentenced to serve six months and to forfeit two-thirds of his pay for being absent without leave and for committing a statutory offense with the wife of an Alameda man in a Walla Walla, Wash., hotel. In reviewing the case, General Morrison approved the sentence, but said it was entirely inadequate.

BABY QUIZZED; TELLS ON 'MA'; DIVORCE ASKED

Double weddings are common, but the double divorce idea is just getting its initiation in Oakland. Ralph and Daniel C. Allen, sons of Rev. Ethan Allen, colored preacher, were defendants in divorce suits heard in succession before Judge J. S. Koford late yesterday. Gladys Cecile Allen obtained her decree from Ralph Allen, alleging cruelty, and then Daniel Allen took the stand to defend the action brought by his wife, Beatrice.

Daniel Allen told the court how he had emulated Solomon. Suspecting his wife of infidelity, he said, he questioned their 4-year-old boy.

"Tell me, baby," he quizzed, "has mama had other men here while I was gone?"

Then, said Daniel, the baby told him all about his rival. His wife cried out that the child lied. He put his hands about the boy's throat and declared that if the child lied he should die. His wife then broke down, averred Daniel, shouting that the child had told the truth. She told him, he said, the name of the third party, Jesse Walker.

Judge Koford took the case under advisement.

Spouse Drove Away Friends, Wife Says

Charging that her husband nagged at her, and drove visiting friends out of her house, Mrs. Nellie Carson today filed suit in the superior court for divorce from Charles H. Carson, a local ferryboat captain. She asks \$75 a month alimony in her complaint. The couple have been married 22 years.

Sinn Fein Paper is Seized by British

DUBLIN, Aug. 22.—(By the Associated Press.)—The police have raided the offices of the "Irishman," the leading Sinn Fein newspaper. The forms intended for this week's issue of the paper and proofs that had been run off from them were confiscated.

SANFORD B. DOLE GREET'S FRIENDS

HONOLULU, Aug. 22.—Prominent among those who are active in the entertainment of Secretary of the Navy Daniels is Sanford B. Dole, Hawaii's "Grand Old Man," who enjoys the distinction of being the only American who has been president of a republic other than the United States.

Dole, the son of early American missionaries to Hawaii, was a leader in the movement which dethroned Queen Liliuokalani, last of the native rulers, in 1893, and was largely responsible for the annexation of Hawaii by the United States in 1898. In the five intervening years Dole was president of the republic of Hawaii. He was also the first governor of the territory of Hawaii.

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try It! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Advertisement.

CHEVROLET PARK ON SALE SUNDAY

READY FOR INSPECTION TOMORROW

Any person purchasing two adjoining lots in Chevrolet Park next Sunday will save 15%.

This means that you'll get two \$590.00 lots for one thousand dollars on terms of from one hundred to two hundred dollars down and \$10 a month.

We will take Liberty Bonds at par.

If you pay all cash, you get a discount of 5%.

If you buy on terms, you pay no interest on deferred payments for one year and no taxes until December, 1920.

Taxes, at the present rate, amount to about \$5.00 per lot per year. Taxes are paid semi-annually, which means about \$2.50 in December, 1920, and \$2.50 in March, 1921.

We furnish free all street work, sidewalks, sewer and water mains.

If you buy on terms, we give you a deed at once, taking back a Deed of Trust for balance due. This puts the property in your name immediately.

You pay \$5.00 in addition to the price of your lot to have your papers recorded and about 15 cents or 20 cents for revenue stamps. This is the total expense to the buyer. We pay everything else.

Why You Should Buy Next Sunday

There are 50 or 60 unusually choice lots in this tract.

These will be the first lots sold. If you do not secure one Sunday, you'll have to make your selection later from among less valuable lots.

We are offering an Opening Sale discount of 15% to all buyers who take two or more lots. This means an Opening Day saving of nearly \$180 on two \$590.00 lots.

Why You Should Buy Real Estate Now

The real estate market is on an upward rise. All good property in Oakland is increasing in value every hour, especially in the Mills College-Chevrolet district.

Lots bought now should sell at a profit within twelve months.

Suppose you selected, for example, two \$590 lots. With our Opening Day discount, you'd get them for \$1000.

Suppose you paid \$200 down (in Liberty Bonds or cash) and agreed to pay \$10 a month.

At the end of one year you'd have \$320 in the proposition.

Suppose at the end of the year you sold the lots for \$600 each. Your profit would be \$200 upon an investment of \$320, or about 60% profit.

Is that good business or not?

Why Lots in Chevrolet Park Will Increase in Value

First—Because we are going to have a car line brought right to the center of the tract.

Where can you buy property for \$600 a lot on a car line? A new car line always increases property values.

Second—Because we are going to build 40 or 50 houses in Chevrolet Park to start with and more as fast as they sell, and you know what a market there is for houses.

Third—Because we are going to issue a new price list, with advanced prices, January 1st, 1920.

We mean business, in connection with this sale, and if you are seriously interested in getting a lot while the "getting is good," come out tomorrow or Sunday with your wife and check book and make your selection.

How to Get There

By automobile—

Go out Foothill Boulevard or East 14th Street to Seminary Avenue. Turn north toward the hills and go to Mills College at head of Seminary Avenue. Tract on the right opposite college.

By street car—

Take Car No. 7 at 12th and Broadway and get off at end of line—55th Avenue and Trask. Automobiles Sunday will meet all passengers for the tract.

OAKLAND GETS SMALL SHARE OF ARMY FOOD

Oakland has been treated unfairly in the allotment of army supplies, declared Postmaster Rosborough today.

"San Francisco has been given twenty times as much as Oakland and the list includes spices, omelette and all kinds of soups, none of which is included in the Oakland list. I believe that where men work in San Francisco and live in Oakland, they strive to do their trading here."

The unfairness is shown, too, in the fact that Alameda is given the same allotment as Oakland. Alameda's population is only 30,000 while Oakland, serving also the suburban municipalities of Emeryville and San Leandro, has a population of 30,000.

Ten thousand dollars' worth of the army food has been sold through local postoffices, said Rosborough. The distribution of the army food ordered through the Oakland postoffice will begin Monday if the supplies reach San Francisco in time.

The goods will arrive in case lots, the Defender's Recreation Club, Thirteenth and Harrison streets, and purchasers must call there to receive their orders.

Five lines in the stores allotted to Oakland have been exhausted—two-pound cans of stringless and baked beans, two and a half pound cans of cherries, pound cans of vegetable soup and bulk rice.

The rush continued today for the articles remaining on the list, bulk flour and dry beans; one and three-pound cans baked beans, corn beef, one, two and six-pound cans, roast beef, one, two and six-pound cans, bacon, twelve-pound cans, sweet corn, two-pound cans, corned beef hash, two-pound cans, peas, two-pound cans, pepper and tomatoes, ten-pound cans.

For the first four days the sale through the San Francisco postoffice was 300,000 pounds or 150 tons. Lieutenant Colonel Max A. Pleser said that the quartermaster's depot in San Francisco has on hand only about one-third of the supplies wanted. No attempt will be made to fill any of the orders until the other articles arrive.

Word has been received confirming the decision of the army food sales to municipalities. San Francisco city officials have wired asking that this order be changed.

A car of 800 sacks of pink beans from Omaha arrived yesterday. Beans are plentiful on San Francisco bay.

SIXTY GIRLS IN SWIMMING TESTS

The annual playground swimming contest for girls took place at Cottage Baths Wednesday morning under the direction of Miss Susette Newcomb and Playground. Sixty young girls were entered for the contest. The tests were more for form than for speed and distance and consisted of the push off, correct position and strokes.

After the contest a picnic lunch was served and the day spent in games and frolic. Those who successfully passed the tests and were awarded the block letter "O" as a mark of achievement were:

Rushed Playground: Claire O'Connell, Margaret Hayes, Barbara Brown, Viola Smith, Edith Hayes, Marion Cook, Irma Siebe, Helen Koch, Claudine Hartman, Irene Knowles and Berdie Miller.
Villa Vista Playground: Isabella Fred, Erolie Perry, Eugenie Loupy.
Hawthorne Playground: Edna Chapman, Anna Smith, Mercedes Phillips, Florence Morrison, Jose McPherson and Elsie DeLong.
Stonewood Playground: Roberta Glen, Winifred McNally, May Rigby, Lorraine McLaughlin, Ruth Halbert, Winifred Kluss, Claire Adams, Evelyn Leavick, Ruth Pitter, Leavick, Hindman, Eleanor Clark, Barbara Boxer, Helen Clark, Ruth Wohlfarth, Pearl Cardwell and Lucile Wohlfarth.

Taken From Transport on Bad Check Charge

SAN FRANCISCO, Aug. 22.—With the arrival of the transport Sheridan this morning, Richard Douglas, said to be an employee of the U. S. Shipping Board, was arrested on two warrants sworn to by Fred Jager, 152 Powell street, and a third by N. F. Pope, of the Whitcomb Hotel, charging the passing of bogus checks. Douglas attempted to flee. He was arrested and taken to the police station, where he is being returned on the transport.

The Every Day Value Store

CHERRY CHAT

Cherry's believes that it is better to give good values ALL the time on garments that are new and up-to-date than to hold sales at the end of seasons and mark down prices to get rid of out-of-date stock.

That is why Cherry's never holds a sale more than once a year. And that is why you can always depend upon getting the very latest styles and the very newest apparel in perfect condition at Cherry's. Our stocks move so fast, impelled by constant value-giving, as well as by our accommodating credit system, that you see only the latest and smartest of apparel here.

RELIEF TRAINS ARE ATTACKED BY AUSTRIANS

WASHINGTON, Aug. 22.—Details of a dozen attacks by Austrian revolutionists upon an American Red Cross train carrying relief supplies from Paris to Bucharest, some of which were repelled only at the rifle point by French, Serbian and Rumanian soldiers, reached national headquarters of the Red Cross today. It required three weeks for the three Red Cross officers in charge of the trip—Captain G. H. Smith and Lieutenants M. G. Watkins of Chicago and Lieutenant P. H. Dodson of Waco, Texas,—to bring their thirty-five cars overland to the Rumanian capital and during the last four nights of their trying journey none was able to sleep because of the constant menace of the outlaws.

Miners Deserting

Tonopah District

TONOPAH, Nev., Aug. 22.—With every mine in the Tonopah and Divide districts closed, due to the strike, hundreds of miners are leaving for the Texas oil fields and the Arizona copper districts. Several agitators have been placed under arrest and leaders of the striking miners assert several trouble makers have been deported. Merchants and hotel men have posted statements that all business now is on a cash basis.

Guards have been placed about most of the mines and mills. Strikers have picketed the properties to prevent conservatives from returning to work. The miners have wired to San Francisco districts that a general strike will be called for a settlement of differences and a resumption of mining operations. Conditions today were somewhat more cheerful than they were twenty-four hours ago.

General Manager Frederick Bradshaw of the Tonopah Mining Company has arrived and is endeavoring to bring about an understanding between operators and strikers.

WOMAN, THOUGHT POOR, IS RICH SAN FRANCISCO NEWS REDS BARRED FROM CITIZENSHIP

SAN FRANCISCO, Aug. 22.—Miss Mary E. Rowland, who lived in humble circumstances for many years at 634 Haight street, left an estate that will exceed \$100,000 in value. It became known here when a petition for letters of administration was filed in the superior court by Mrs. Mary J. Tracy, 1135 Masonic avenue. The bulk of the estate is left to Mrs. Tracy by a will dated December 8, 1916.

Miss Rowland left \$500 to the Roman Catholic Orphan Asylum of San Francisco, \$500 to Sacred Heart Church and \$500 to Rev. N. S. Purcell, S. J., of St. Ignace Church. The will also contains a bequest of \$10,000 to William B. Rowland, a brother, but he died last February. Miss Rowland died July 26.

Attorney Louis Ferrari, who filed the petition for Mrs. Tracy, said the value of real and personal property left by Miss Rowland may run into the hundreds of thousands of dollars. He said Miss Rowland was regarded by her neighbors as having limited means.

CITIZENSHIP FOR RADICALS DENIED.

Several hundred aliens who appeared before Superior Judge George A. Sturtevant yesterday to be examined as to their qualifications for citizenship were closely questioned regarding their attitude on Bolshevism. This is the first time this subject has been introduced in these proceedings.

"Before beginning the examination of these applicants I wish to say a word on Bolshevism and direct action," said Judge Sturtevant. "For their benefit I desire to state that 'direct action' is absolutely in contradiction to the American theory of government. The Bolshevik and advocate of direct action believes that if he fails in any enterprise he has been deported to bomb and dynamite. The American theory is resort to the ballot and by that we must either stand or fall."

"We have no room for the discourse of Bolshevism in this country and any applicant who believes in that form of government should not seek citizenship."

SISTER IS WINNER IN BIG ESTATE FIGHT.

A jury in Judge Daniel C. Desautels' court was instructed by that jurist to bring in a verdict that Mrs. Margaret Sietze is entitled to the \$20,000 estate of her late sister, Emily Helen Sietze, widow of Jeremiah Shea, teaming contractor. Irvine R. Shea, a stepson of

Mrs. Shea, was suing to get possession of the estate, claiming that it was his stepmother's intention to make him her heir. Mrs. Shea made a will three years before her death bequeathing her sister the estate.

Three days before her death the stepson claimed she instructed him to get some one to prepare a will giving him the estate. Instead of getting a lawyer she got a notary public who drew a power of attorney. Before he made use of them Mrs. Shea died, and when he sought to get her estate, which consisted of three bank deposits, he was unsuccessful.

JOINED ARMY TO AVOID JAIL CLAIM.

The admission that he was convicted of highway robbery and had been given the alternative of accepting a penitentiary sentence or enlisting in the army was obtained yesterday at Alcatraz island from one of the quietest of military prisoners who tried to escape Sunday.

The prisoner said the Pennsylvania judge who presided at his trial, had given him the option of joining the army in 1917 shortly after war was declared. After only a short time in the army the prisoner admitted he was before an army court for desertion and had been sentenced to serve ten years at Leavenworth disciplinary barracks. One unsuccessful attempt at escape was made while he was at Leavenworth, and he was released from his good conduct allowance and his second attempt at Alcatraz will detract still more. He said he would have killed some one to get away if he had thought it would have aided his escape.

DANIEL C. MURPHY HEADS SCHOOL BOARD.

Daniel C. Murphy, president of the State Federation of Labor, has been selected by the mayor to succeed George E. Gallagher as president of the board of education. The appointment will be made officially in a few days. Gallagher resigned yesterday, the resignation to become effective September 1.

SAILOR IS DIVORCED BY COURT DECISION.

Five months of wedded life were sufficient to convince Lieutenant Commander N. F. Pearson, U. S. N., that marriage for seafaring men is a failure, according to letters introduced before Judge Vin Nostrand yesterday by his wife, Maude Pearson, 1337 Dolores street. Mrs. Pearson was yesterday granted a decree upon her cross-

DR. KARL MUCK IS DEPORTED

NEW YORK, Aug. 22.—Count James Minotto, son-in-law of Louis F. Swift, the Chicago packer, and Dr. Karl Muck, former leader of the Boston Symphony Orchestra, both of whom were interned during the war as enemy aliens, have sailed from here for Copenhagen on the Scandinavian-American liner Frederick VIII.

This done, the secret service agent warned Captain A. G. Thomson, commanding the vessel, to make sure Dr. Muck did not leave it within the three-mile limit.

Dr. Muck was in a bitter mood as he took his departure from the land in which he had been applauded.

He left the United States, he declared, with no regrets "as the country is being controlled by sentiment which closes borders on men's souls." He denounced newspapers, which, he said, had attacked his Americanism on a story circulated by "jealous rivals" and praised "some people in the musical world who stuck by me." These, he said, were the only persons he cared about.

The orchestra which once he had led was "a thing of the past," he declared. Twenty-nine German-born members had been interned, he said, and he doubted if the group of musicians could ever again be brought together.

Complaint. Commander Pearson started the divorce proceedings, charging his wife with associating with other men during his absence in France and the North Atlantic. He was not in court yesterday, but was represented by Attorney Hugh K. McKewitt.

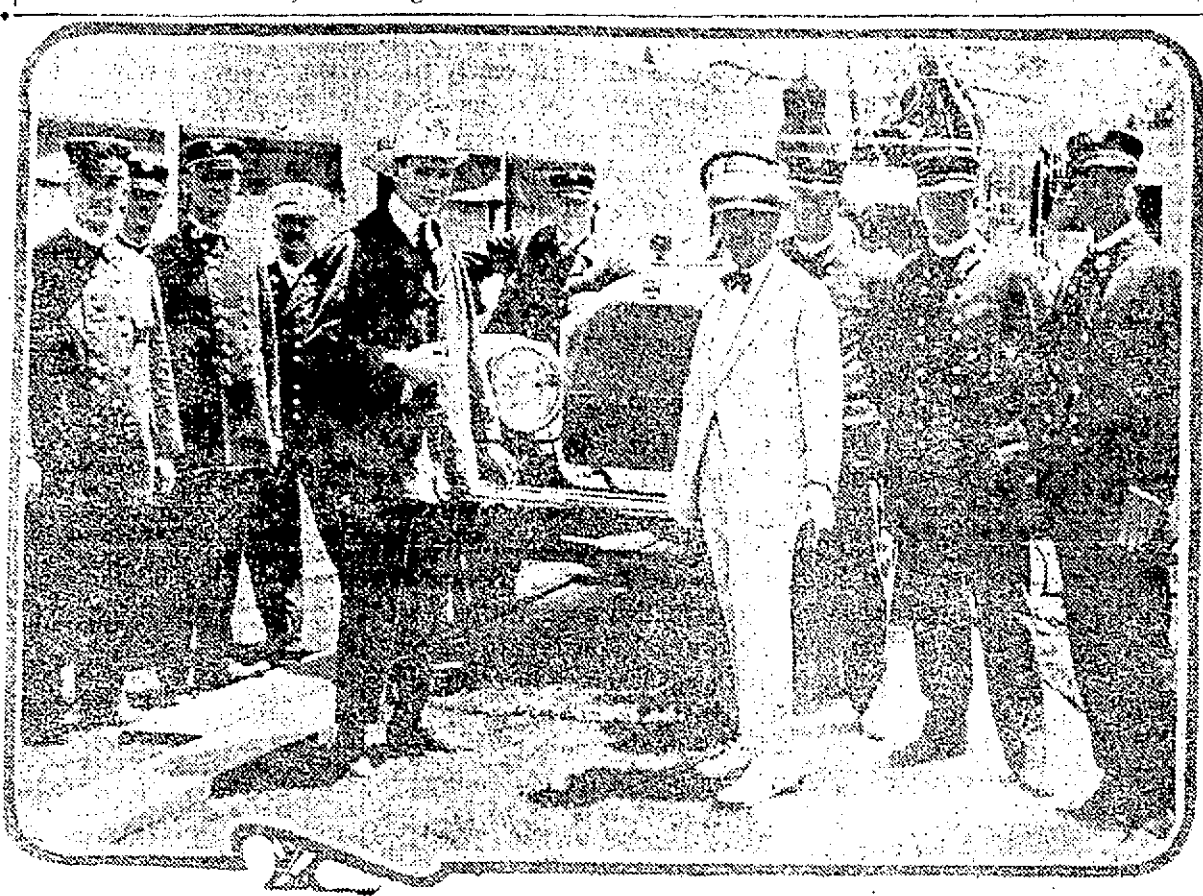

CONTRACTORS' RULES ADOPTED NEXT.

The General Contractors' Association of San Francisco has issued a new set of rules that has created differences of opinion among local architects and others concerned in building. The association lays down rules for owners, architects and agents as well as for its own members. And all architects do not see eye to eye with the contractors in some of the vital regulations.

CANDY MAKER IS DIVORCED BY WIFE.

Jennie A. Blum, 1560 Pine st., was granted a divorce by Judge Cohn yesterday from Benjamin P. Blum, part owner of Blum's, Inc., Polk st. confectioners. The grounds were cruelty. Mrs. Blum was awarded the custody of a 5-year-old son, \$25 a month for his maintenance and 241 shares of stock in the candy business owned by her husband. This stock was recently hypothecated by her husband, but Mrs. Blum has the privilege of redeeming it.

MEN OF FLEET TO VISIT BERKELEY

BERKELEY, Aug. 22.—Berkeley's invitation to Admiral Rodman, commanding the Pacific fleet, to share the hospitality of the college city, has been answered by the naval officer in a telegram received yesterday.

In his reply Admiral Rodman stated that he would send definite information respecting the number of men who would be detached for shore leave in Berkeley later. The message read as follows:

"Louis Bartlett, mayor of Berkeley. Your invitation greatly appreciated and will be extended to the fleet. Cannot definitely inform you of number to expect pending in-

structions of program of Secretary of Navy.

"ADMIRAL RODMAN.

"Commanding Fleet."

Plans for Berkeley's program in honor of the fleet were discussed at a meeting held last evening at the city hall, with Mayor Bartlett presiding.

After a discussion of finances, Ira Morris, chairman of the finance committee, announced the following amounts for the various sub-committees: Refreshments, \$750; reception to officers, \$150; finance, \$100; entertainment committee, \$500; S. E. parade, \$100; executive.

"\$100; dance for the men, \$210; sports, \$250; publicity, \$492.85."

Professor F. L. Kitchener of the University of California, announced a baseball game, tug of war, field sports and other events as part of the athletic program planned for the fifties. The colored men of the city will be entertained at a good program being arranged by William Douglas in co-operation with San Francisco and Oakland committees.

Giving the Most Value For Your Money and KEEPING PRICES DOWN ON ALL MEN'S SHOES

The man who buys shoes just because they are "CHEAP" is not getting "VALUE" for his money. IT IS ONLY THROWING MONEY AWAY. The one who shops carefully—insists first upon quality—and then buys because the price is low—REALIZES A SAVING.

This is where WALKER'S SHOE STORE serves a great public need—KEEPING PRICES DOWN—without stinting quality, but STANDARDIZING quality and at the same time LOWERING PRICES.

This is making the saving something REAL—this is GIVING THE MOST VALUE FOR YOUR MONEY—and "Keeping Prices DOWN."

Big Savings Feature Saturday's Sale of 200 Pairs Men's Fall Shoes

That We Could Easily Sell at \$8.50 to \$11.00—for

\$5.65

From every standpoint this is one of the greatest money saving opportunities that men of Oakland have had presented to them in many a moon. These shoes come from a large New England maker and represent values that are incontestable—quality that is unquestioned. Truthfully the price we have placed on them for Saturday just about covers the cost of the leather and is an example of Walker's "Keeping Prices Down."

ALL LEATHERS ARE INCLUDED—Koko Brown Calf, Gunmetal Calf and Vici Kid. There are all sizes and you have your choice of either ENGLISH or BLUCHER STYLES.

Saturday—81 pairs of Shipworkers' Scout Shoes go

on Sale at

What more welcome news than this for shipworkers who missed the remarkable sale last week! Light, pliable shoes, made on a scout last, from tan and elk skin leathers, that insure long wear, as well as comfort. We absolutely guarantee that they cannot be purchased elsewhere in Oakland at

\$2.79

There are all sizes in the lot, but we urge you to buy early, as they'll not last the entire day.

You Will Appreciate the Sharp Reductions on These Men's Army Shoes

THAT REPRESENT SAVINGS OF 20 TO 33 1-3% ON PRESENT MARKET PRICES

No one can foretell what future prices for Men's Army Shoes will be. This is all the more reason why every man should take advantage of this Saturday special—by buying two or more pairs—for they will be considerably higher after this lot is gone. Every size is included in the sale, so every man can be fitted.

SEEING THE LIGHT.

It is announced by the Japanese embassy at Washington that an imperial rescript has issued at Tokyo pledging local self-government for Korea and reforms in the Japanese administration looking toward home rule for that discontented people. The Koreans are promised that they shall nevertheless have the same privileges and legal rights as the Japanese. The military regime is to be displaced by a civil administration and the principal military chiefs are reported already to have been withdrawn.

How far these promised reforms are merely of the substance of paper and ink and to what extent they are accomplished is not known. The outside world will reserve judgment until it receives confirmation from other and dependable sources.

But it is plain that Japan has suffered at least a partial awakening to the realization that she is on trial before the world regarding Korea. She could not have avoided sensing the shock that the enlightened countries of the West have felt over the recent reports, in a large and sufficient degree verified, of her ruthless conduct in dealing with Korean citizens who had dared to voice their opposition to and criticism of the Japanese government.

The Japanese government has been brought face to face with the question as to whether her seizure and control of Korea was to prove a benefit or a curse to Japan and its people. The Koreans might be left out of consideration, the Japanese official would say, so long as his own country was being advanced, but when the question was whether Korea might not be the starting point of forces that ultimately would set Japan aside as a pariah in the new family of nations it brought the Tokyo government up with a start.

Japan has found that she is considered by other nations, including those which were her allies in the war, as not having profited by the lessons of the war. Although the German empire had been broken and destroyed on the Prussian concept that peoples did not count against Kaiserdom and imperialism, Japan still thought as Potsdam thought in its most prosperous days. So she met the recent demonstrations in Korea with the methods of the Hun. Her gendarmes burned villages, drove Koreans into churches, and after wholesale assassination by a firing squad, burned the church and its murdered audience. She subjected the Koreans to every indignity and brutal punishment that could be designed to break the people's spirit and destroy their national soul.

This was a bloody page from the Prussian book of Kultur. And it immediately appeared that decent and chivalrous man condemned it just as courageously when committed by Japan as when committed by Germany.

Now, if the promises of Tokyo are to be accepted at face value, Japan is to recognize that Korean civilization is a fact and a reality; that it is entitled to the opportunity to develop and expand and express itself in all legitimate and moral ways. If Japan omits a single act that would promote Korean progress and development, she will be also guilty of "a supreme offense against civilization."

IMMIGRATION BILLS.

Chairman Johnson of the House immigration committee yesterday introduced a bill, the principal feature of which is to prohibit the entrance of all aliens, with unimportant exceptions, for a period of two years. A bill is being considered in the Senate which makes one of its main points the limitation of immigration each year to a number of aliens equal to five percent of the aliens of each nationality already in the country.

As to the respective merits of these and other proposals for revising our immigration laws it is impossible to form a positive opinion until the full text of the bills are available. The matter is highly important and ought to be carefully considered from every possible viewpoint. But as to

one phase there can be no doubt: whatever form the law takes it should preserve unrestrained the idea that the admission of aliens for residence and citizenship is exclusively an American question. Nothing should be included in the law which would be possible of interpretation as a "right" of any foreign governments.

The proposal to limit the immigrants from each country that may be admitted yearly to a number not over five percent of the aliens of the same nationality already here would seem to encounter this objection. Once this method of restricting immigration is adopted foreign countries that are anxious to send their surplus population to the United States would immediately assert the five percent ratio as an established right and begin scheming to make it mean the maximum number.

This idea also attracts particular attention because it is presented by Dr. Sidney L. Gulick, a propagandist in this country for Japan who has been working for a number of years to improve the opportunity of that country to send its citizens here for residence and labor. It is included in a scheme for "constructive immigration laws" which Dr. Gulick has urged Congress to adopt.

While Dr. Gulick's advocacy of the plan does not adversely affect it if it is otherwise meritorious, care should be taken that no law is enacted which enfeebles the powers of the government to regulate immigration as it sees fit or of Congress to order a change in the regulations at its pleasure.

SUCCESS AND RESPONSIBILITY.

Mr. Lewis E. Pierson, chairman of the Board of the Irving National Bank of New York, delivered an address before the Denver Civic and Commercial Association recently in which he made an admirable summing up of the present situation of the United States. This is what he said in conclusion:

"It is not easy to grasp the bigness, the seriousness of our present situation. History is filled with instances of unusual distinctions being conferred upon individuals and nations. It is safe to say that there is 'nothing new under the sun' either in human relationships or otherwise. Still it does seem that somehow our nation and our people find themselves just now in a position, the like of which is difficult to find in all history. We seem to have everything which could be desired—youth, national health, unparalleled prosperity, a background without a flaw, the respect of all nations, the actual friendship of most of them and not least important because it is a human world in which we live, strategic advantages, full exercise of which not only will operate to our benefit and credit but will make most of the nations of the world the beneficiaries of our commercial and industrial activities."

Behind this statement was given an illuminating volume of details and specific citations to support it. To the average reader the foundation on which it is based is discernible. True, there are some persons who do not consider the country prosperous, but then there are some who never have considered prosperity a fact. If they did their opportunity to exercise their most prominent habit would be removed. But upon even a cursory analysis every normal test and measure of prosperity is found.

Fortunately, however, Mr. Pierson did not stop with merely drawing the pleasant picture of the hour. He directed attention toward the future.

"The law of compensation holds good in this as in other situations," he said. "It would be difficult to imagine an advantage we possess under present circumstances which is not accompanied by a corresponding grave responsibility. It would be nearly impossible to imagine any honor coming to us through the proper administration of our world stewardship which would be more conspicuous, more ineffaceable in history than the disgrace we would suffer if the leaders in the government and in business failed to recognize our national responsibility or to fulfill its requirements."

This is also obviously true. Yet there are responsible men both in the government and in business who do not show any sense of responsibility. They trifle with a situation full of peril to gain a small temporary advantage. Thus a few profiteers, adopting the slogan of "get all you can and get it now," imperil the whole field of production and business by provoking consideration of socialistic proposals to put business under the enervating, repressive control of government bureaucrats. And government officials and legislators in many instances seem willing to repeat an experiment that has always proved fatal.

Opponents of "daylight saving" may now enjoy their triumph. Both the Senate and House of Congress has passed the bill repealing the law by more than a two-thirds majority, which overrides the President's veto. The clocks will be set back an hour next October and will not be changed again unless at some future date the value of the "summer time" innovation is more generally appreciated. Obviously the majority of Congress still hears the farmer's voice more clearly than the voice of industry and commerce.

Former Emperor Charles of Austria claims the throne of Hungary, according to latest news despatches. Apparently his abdication when the collapse of the Hapsburg monarchy occurred was not genuine. But at best his claim is based upon the legalism of an order that has passed and Emperor Charles may be regarded as merely entertaining himself, at his exile in Switzerland, with delusions and vain hopes.

NOTES and COMMENT

Seventy-five picture brides arrived Wednesday on the Tono Maru. It is scarcely a reckless statement that this picture-bride business is about the most childish subterfuge to get around an immigration that could be devised. It looks at full-grown decency.

When it is read in the news that the Belgians and Dutch are guarding over a trip of country and that the Belgians threaten to withdraw from the conference if they are not allowed their own way, we are likely to say—what's the use? After the world consideration that has been shown Belgium it might be thought that she would not so soon confuse her friends.

Prospects of a bridge across the strait are not as encouraging as might be wished, considering the increasing necessities. The cost is now found to be double the estimates upon which the bond issue was voted, which has revived the idea of a tunnel. One major objection to a tunnel has always been its cost.

Richard Hotelling made up for the character of "Shylock" recalls that he once accepted a fact that has been somewhat discussed in higher theatrical circles but, so far as there is a record, not seriously attempted, and that is rendering the part in Yiddish dialect. And his impression is accepted as successfully demonstrating that it is possible.

Establishing Armistice Day as a holiday may be busy. There are some signs that the armistice did not definitely end the trouble.

Sorahed, is endeavoring to make it easy for the Kaiser. A measure is proposed in the Prussian Diet to grant him \$40,424,000 as total settlement for the "evil" he has lost through forced abdication. If this piece of news is reliable that usage may have to be changed to "nothing succeeds like failure."

It is of course possible that turning loose a mass of colored convicts to round up profiteers may be productive of abuses. Not every dealer in positions of a profiteer, but many of them are, endowed with undiminished power and prompted by popular favor, may regard him as a bright particular star, and feel that it is incumbent to show respect in situations where there is nothing wrong to be shown.

We may congratulate the man of 37 who lost his way on route to a date on the fact that age does not make his term-of-service yearning while we commiserate him on the fact that it does not qualify him to find his way.

Reading Sunlight ones in old suffer named Sunlight. "We are not of the class of men who feel that the old times had no sense. Years ago an old doctor by the name of Carlyle or something wrote the following: 'and we have it as good as only thing that has been written during our own time. A hundred men can stand hard luck, but only one out of the hundred can stand prosperity.'"

The Sacramento Bee sympathizes with Armour: "Poor, rich Mister Armour also lamented or heaved—it is difficult to read aright between the lines, that he were one overtone two years, two suits of clothes per annum and a hat five years. He could well afford it."

San Jose Mercury-Herald on ancient history: "A high society, in referring to the recent Pompeii, Willard prize fight, denounced Toledo, O., as a modern Gomorrah. As far as historical records go, it doesn't appear that Gomorrah ever had a prize fight."

The Marysville Appeal thinks there is no cause to worry. "They say clothes will cost more next season. Jim why anticipate trouble? If we are to believe the coal men, most of us will be frozen to death before next spring."

The Richmond News man is entitled to a 70-cent smart Alec says women are taking up the view which men have discarded. If they don't take up any other than we men discard they won't accumulate many."

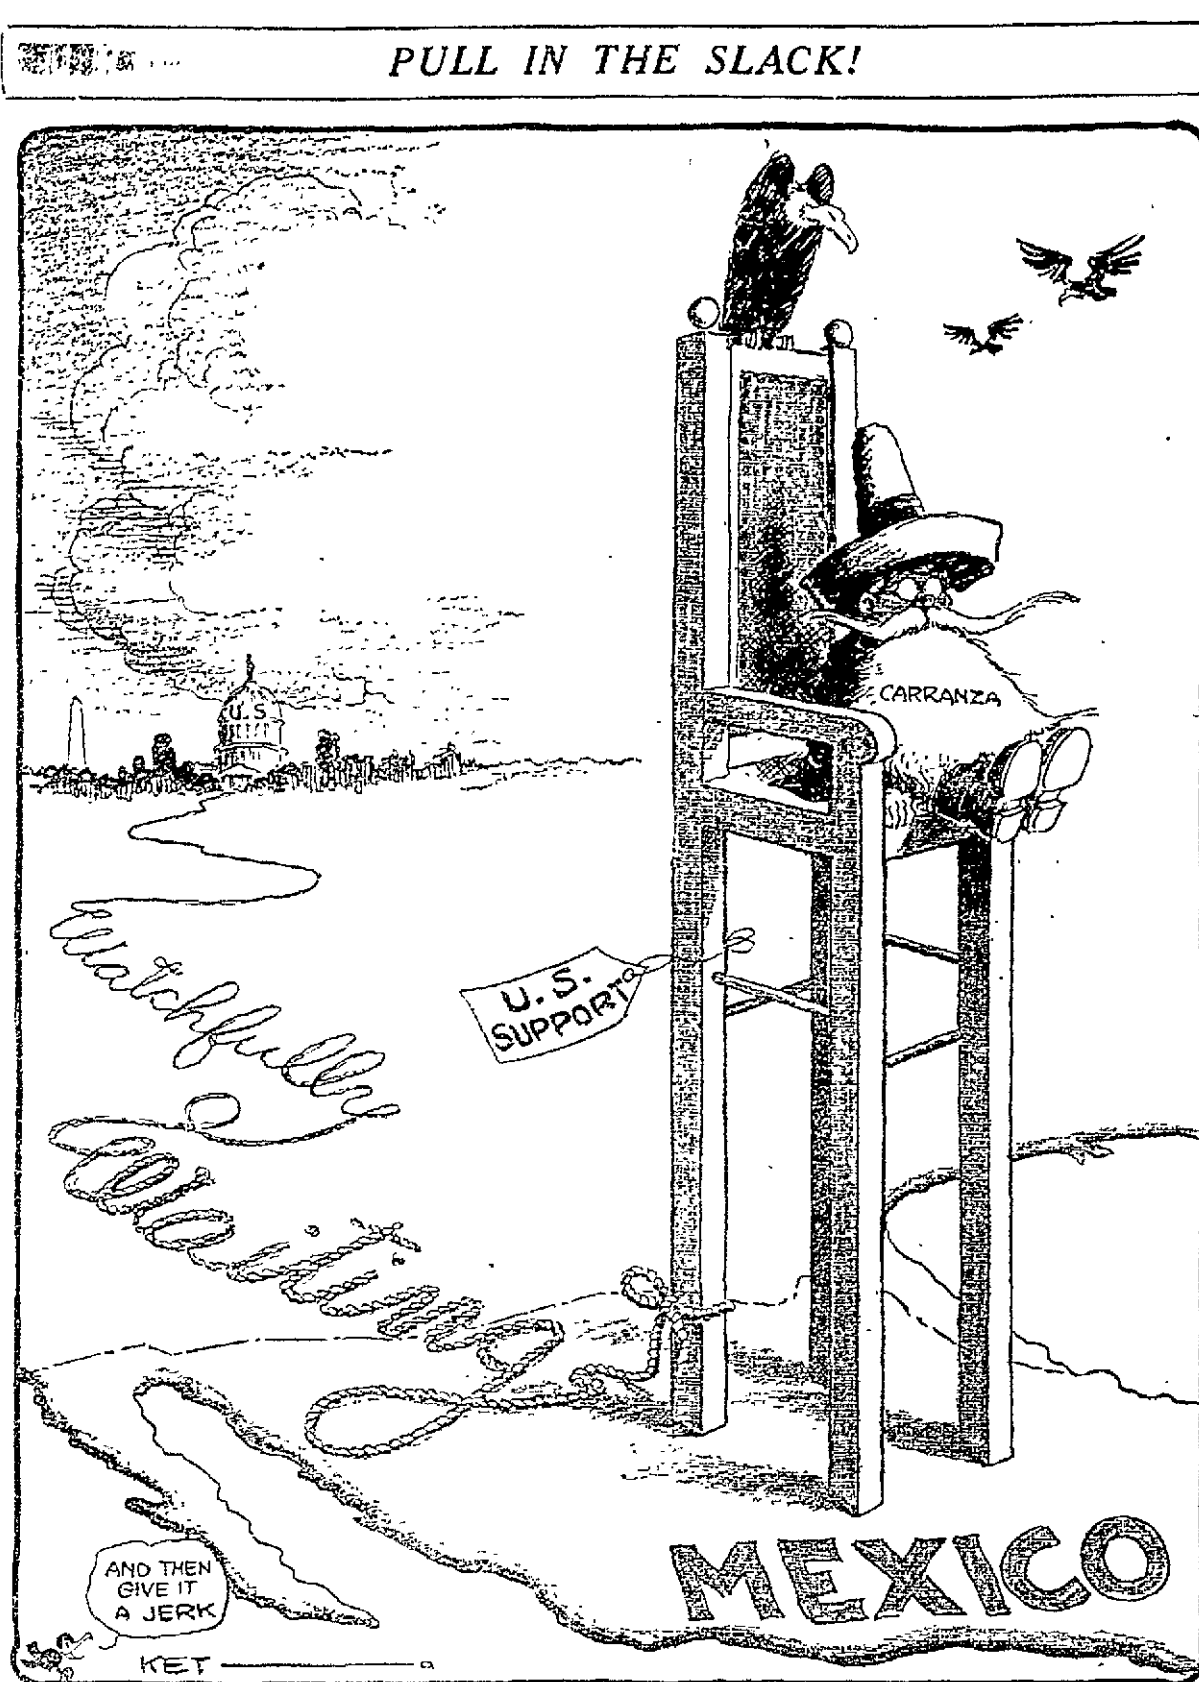

SPIRIT of the STATE PRESS

That the San Joaquin valley is just as much interested in raising bales as it is in stock culture is evidenced by the fact that a baby shower is to be one of the special features of the first annual Tulare livestock show at Tulare, October 8 to 11. The show committee wants babies—the more the merrier—and has issued an appeal for co-operation. Every facility will be had for babies' care and competent judges will pass on the scoring points. —Modesto News.

A Loma and Tim Tuna, dropped into Holtville Sunday night completely about out by the experiences of about thirty-six hours on the desert road connecting Yuma and Holtville. They are Japanese and were en route for Brawley—Holtville Tribune.

The inspection amounting almost to a certainty, that the transit strike in New York is not a strike of the common against the company, but a strike of the common and the company in alliance against the city and the patrons of the carlines, is but one more demonstration of the fact that all labor troubles are struggles between groups of laborers and not of labor against employers at all. —Fresno Republican.

Of the 7500 visitors to Yosemite carried by train and stage to July 1, 77 per cent, or 6100 were taken over the Yosemite Valley railroad. Superintendent Lewis reports, Travel continues heavy for this time of the season. The visit of the fleet will bring thousands of sightseers from nearby states. Many of them will visit Yosemite. —Mariposa Gazette.

LIBRARY CIRCULATION

To the Editor of The Tribune:

A paragraph has been going the rounds of the papers in the last few days about the relative circulation of the Berkeley and Oakland libraries. Berkeley is credited with having 250,000 circulation, "almost as much" as Oakland. Far be it from me to detract from the fine record of the Berkeley library, and yet in fairness it should be noted that the circulation of the Oakland Free Library for the same period was 757,595, or counting in pictures circulated, 766,050. The mistake was natural, perhaps, because none of the papers in recently commenting on the report of this library took the correct figure for that of the total circulation. One of them took the circulation from the branches as the total, leaving out the main library, and one of them took the interchange between the branches, and the library, which is not circulation to the public at all. On the other hand, one paper credited us with a million circulation, which was the figure promised for the next year in the librarian's report, provided all the money for books asked for was allowed. Unfortunately that could not be done, even with the kindest possible attitude on the part of the council, and the figure we shall see in this year, which we hope is to be without war excitement or epidemic, will be somewhere between 766,050 and a million. Very respectfully, CHAS. S. GIBBENS, Librarian Oakland Free Library.

COUNTRY AND CITY.

"God made the country, but man made the city." Thus ran the epigram of a former day. The country was clean, sweet and natural, while the city was artificial and congested. The country was the home of birds and flowers, while the city was the center of noise, turmoil and temptations and slums.

It is now seen that country and city supplement each other, each brings something needed to the other. So the city has been gradually moving into the country, while, more and more, rural beauty and repose appear in the parks, lake shores and boulevards of the city.

This movement of reconciliation began in the factories themselves. Many of these moved to the urban outskirts to avoid high rents and congestion. The man with a family finds it desirable to establish his home where he can have a garden and playgrounds for his children. Easy and rapid transit has made this blending of country and city possible.

It is a wholesome movement and one filled with great promise. The city needs the freedom, pure air and the chance for gardens and playgrounds which the country affords, while the country needs the markets, sanitation, improved roads and forums which are a part of urban life. The old barrier between city and country has passed away, and the complete life is found in the blending of the two. —Minneapolis Journal.

A CONSISTENT RECORD.

Lord Salisbury's famous remark that Great Britain backed the wrong horse in the Crimea at once suggests itself in connection with the reports that Kolchak's army is in bad straits and that the whole movement threatens to collapse.

One thing is to be said in praise of the allied policy toward Russia. It has been consistent. No diplomatic mistake that could have been made has been overlooked and no diplomatic blunder has been omitted. From the beginning of the Russian revolution the allies have managed to work against themselves with an effectiveness that is almost superhuman, and if Kolchak now proves to be a broken reed, the record of allied-meaning failure will remain unmarred. —New York World.

HEALTH and HAPPINESS

Finger Injuries Sometimes Dangerous—First Aid Helps

By DR. LEONARD K. HUBBERG, A. B., M. A., M. D. (Johns Hopkins University)

Pores, cuts, wounds, hangnails, torn cuticle, infections of the fingers may damage your general health more than you realize. Dr. Arno Bamberger, one of the attendant physicians of the Cook County Hospital at Chicago, holds without dispute that "probably no surgical condition is of more importance and requires more careful treatment than does the acute infections of the fingers."

To the workman a loss of use of one or more fingers often means the loss of his occupation and final pauperism.

There are numerous kinds of acute infections of the fingers. All of the types of infection of the fingers produce pain in the affected part and more or less swelling. Infection manifests itself by a blue-like formation which in any of the other types of infection is slight. In the subcutaneous type, which is most frequent, you find the involved area markedly swollen, red, tender and fluctuating if pus is present. In infections of the tendon sheaths there is tenderness over the sheath of the tendon involved and the patient does not move the finger because of the great amount of pain on the slightest movement of the tendon.

In infections of the bone there is a very hard and large swelling, much greater than in any of the other types of infection. The tenderness and swelling is deep. Usually when the swelling does not subside within seven to ten days, but remains stationary or increases, you are then dealing with a bone infection. When the osteomyelitis begins there is a great deal of pain, which subsides after four to seven days, but the swelling persists and pus continues to drain from the wound. An X-ray picture will show the necrotic bone.

In an injury of the finger any foreign material, if present, should be removed. The tissue adjacent to the wound, but not the wound itself, should be washed with green soap and water. The wound itself should be first lightly touched with a pledget of cotton soaked in a strong antiseptic solution and then swabbed with tincture of iodine. A hot boric acid dressing is then applied, which should be renewed in twelve hours and so continued until the wound shows signs of healing, when a dry dressing is applied if no infection is present.

Early diagnosis of bone infection and early excision of necrotic bone are important. Large incisions are called for in all infections of the fingers. The use of katta-percha tissue as drainage material instead of gauze is advisable.

MAN, BELIEVED INSANE, FIGHTS WITH OFFICER

Two loaded revolvers threatened Officer Edward Frohn with instant death last night when he entered 388 Willow street to place William Davis, negro, under arrest on suspicion of insanity.

Davis broke both ankles when he leaped two stories to the pavement. He was treated at the receiving hospital and will be examined as to his sanity.

The officer was called by Mrs. Davis after Davis had terrorized her with threats of violence. As he entered the door, Davis stood before him with a .32 and .39 caliber revolver in his hands. "The insane suspect threatened to kill the officer if he made another step forward."

Boldly leaping upon the man, Frohn quickly disarmed him. Then a fierce battle ensued for several minutes. Davis was getting the better of it and shoved Officer Frohn aside.

Overflow Tent for County Fair Exhibit

The packing of products that have been on display at the offices of the Alameda county development commission is nearing completion. According to Edwin Stearns, secretary of the commission, satisfactory results have been obtained in assembling farm and orchard products and manufactured articles of the county and it is expected that the display at Sacramento will be the best Alameda county has ever shown at a state fair.

The space allotted this county in the fair building is not sufficiently large to accommodate the display, according to the committee in charge, and a large tent has been provided for overflow exhibits.

Jingle Jolts

By Harvey E. Westgate.

I'd pay a tribute to the boys who knew a printer's trials and joys—the hobo printers of the past, who set brevies and set it fast, but who refused to stick and stay, if they were due to go away.

They worked a week, or two or three, and then, perhaps, went on a spree—but soon they'd grab their trusty stick and make the old long primer click, and gaily, daily sing their song: "Oh, soon we'll quit and move along."

It's true the boss would tear his hair, and at these roving printers swear—but as one "print" went out the door, why in would saunter three or four (each man a "swift" from Butte or "Chi," with wanderlust in either eye).

They traveled east and traveled west, and picked the towns they liked the best. And if 'twas cold up in Green Bay, and warm and nice in Monterey, they'd quit their jobs and grab a freight, and beat it for the Golden Gate.

NEW \$500,000 PLANT MOVES HERE FROM S.F.

Official announcement of the opening another \$500,000 manufacturing enterprise which has recently come to Oakland was made at the semi-monthly luncheon of the Manufacturers' Bureau of the Oakland Chamber of Commerce today.

It is the Magnavox company, in connection with the Valqua Products company, which has begun operations at 2701 to 2705 East Fourteenth street, formerly the property of the Wellman estate.

Although the Magnavox company advertises itself as a "big noise" manufacturer, it slipped into Oakland without any noise whatever, moving its plant and offices quietly over from San Francisco last Friday.

F. M. Steers, president of the company, and Captain Addison Clark, authorized today's announcement. It had been their plan to have a housewarming tomorrow, under the auspices of the Manufacturers' Bureau, but they said they found so many orders piled up that they had to cancel the arrangements. Steers and Captain Clark extended an invitation to everybody to visit the factory.

CLUB MANAGER'S HOME IS ROBBED

Climbing through a window at the private residence of Charles H. Singleton, manager of Claremont Country Club, a burglar gathered up several rare Indian bracelets and other jewelry trinkets, besides several suits of clothes.

The loot is valued at \$150. Singleton reported to the police today. The club manager suspects one of the boys who had been discharged recently from the club's employ.

The bracelets were owned by Mrs. Singleton and were keepsakes. The police have been asked to search all pawnshops in San Francisco and Oakland in a hunt for the jewelry.

Says City Can't Hit Rent Gouger Apartment Owners Deny Price Pact

The apartment house "profiteer" is safe. He cannot be reached by law. At least that is the opinion of Leon E. Gray, assistant city attorney, made in response to inquiries from THE TRIBUNE as a result of many protests received from tenants who said their rents had been raised so rapidly that speed limits were exceeded.

One woman wrote that rates had gone up from \$20 to \$55 and \$60 in the last two months.

Apartment house managers in Oakland today denied that they are profiteers. They agreed with the statement made several days ago to THE TRIBUNE by Louis Aber, president of the Apartment House Owners' Association, in which he said there had been no concerted increase.

According to Gray, the city probably would have no authority to pass an ordinance regulating apartment house rates. During the war the federal moratorium act prevented boosting the rents for persons in the service where the rents were under \$50, he said, and this was the basis for a federal survey of apartment houses, but the general public was unaffected.

The managers today defended the increases which they said were necessitated by the continuing increase in expenses, in spite of the fact that the war is over. They said that the rents were from \$2.50 to \$5 and argued that they had been any extravagant inflation of prices.

to increase the rates to make a profit. The following is an example of letters received by THE TRIBUNE: "Editor TRIBUNE: I would like to ask if there isn't some means provided by law to prevent profiteering in rent. There are now thousands of renters who are desirous of finding some legal method of preventing landlords and apartment house owners from charging such unreasonable rents. Not only that—they constantly increase the rates from month to month. Imagine having your rent raised in two months from \$30 to \$55 and \$60. Could you not suggest some method of reducing the rents?"

"It would be greatly appreciated by the renters of this city. Will you please give this subject your immediate attention and greatly oblige the author of this letter?" "MRS. J. C. B."

LOCAL BUSHERS WILL MEET WINNERS OF TRANSBAY LEAGUE

SEALS HANGING ON LAST PLACE IN FIRST DIVISION BY AN EYELASH; OAKS ARE BEATEN

MEETING IS CALLED FOR TUESDAY NIGHT

Local Amateurs and Semi-Pros Are Getting Ready to Give S. F. Boys Merry Time

By EDIE MURPHY

Charlie Graham, manager of the San Francisco Seals, got himself in "dutch" with the eastbay amateur and semi-pro ball players by announcing that a midwinter league was going to be sponsored by the San Francisco club, and that it would be for San Francisco players. At the time of making that announcement Graham failed to state why the league would be open to transbay players only, but since he has done so, the eastbay boys are probably willing to forgive him. Graham says that he wishes he could have all the kids in the state perform on the San Francisco lot during the winter time, and that he would surely grab a flock of promising youngsters for development, but like a bottle that will hold only so much water, only a certain number of games can be played each Sunday at one ball park. So in order to prevent a stampede of players at Recreation Park Graham decided to make the league for San Francisco bushers only.

The TRANSBAY league is the first of its kind in the history of the game in this city. It is being organized by the San Francisco Seals, and the first meeting will be held on Tuesday night at the Municipal Auditorium. The league is open to all players who are not members of any other league, and who are under the age of 35. The league is divided into two divisions, the first division being for players who are not members of any other league, and the second division being for players who are members of other leagues. The league is being organized by the San Francisco Seals, and the first meeting will be held on Tuesday night at the Municipal Auditorium.

Tribune League Meeting Next Tuesday Night

The challenge of the TRANSBAY league has been accepted by the Tribune League, and the first meeting will be held on Tuesday night at the Municipal Auditorium. The league is open to all players who are not members of any other league, and who are under the age of 35. The league is divided into two divisions, the first division being for players who are not members of any other league, and the second division being for players who are members of other leagues. The league is being organized by the San Francisco Seals, and the first meeting will be held on Tuesday night at the Municipal Auditorium.

Kremer Blows In Thirteenth, Seattle Wins

Mullen's Boys Start the Bunt Game and Herb Murphy Does the Rest.

SEATTLE, Aug. 22.—By staging a bunting game on Ray Kremer in the thirteenth inning of a great ball game at the local ball park yesterday afternoon, the Seattle Purple Sox put over the first win in three games with Del Howard's Oaks, the score being 2 to 1, and the winning run being driven in by Herb Murphy, who singled after the bags had become filled on bunts.

It was a regular pitching battle that Ray Kremer hooked up with Thomas of the local club, with honors being about even until the thirteenth, when bunts meant hits against Kremer.

In the twelfth inning Herb Murphy bunted for short for Seattle, and the bunt was a home run. The bunt was a home run, and the bunt was a home run.

Errors Enable Bees to Gather Another

Charlie Graham, boss of the Seals, does not believe he is giving the cash customers value for their money unless he trots out at least half his pitching staff every afternoon. A lot of people think one Seal pitcher is too much to gaze upon in one ball game, but Graham believes in giving all his gang an opportunity of working out before the multitude. Of course, the Seals were licked by the Bees—this was taken for granted before the battle started—because the San Francisco boys have forgotten how to win a ball game. In their last eight games they have been successful four (4) times. In their last sixteen games on the home grounds they have snared three victories which is a swell record for a team that expected to cop the pennant.

What's the Matter With San Francisco?

The question is asked "What's the matter with the Seals?" Now they want to know what the Seals and it is a question that is asked by many people. The Seals are a team that is not winning, and the Seals are a team that is not winning.

Scratching Increases the Irritation of the Delicate Skin Tissue.

You can draw your nails into your skin and it looks in an effort to scratch and from the very itching and burning caused by skin diseases, but you only increase the irritation and pain.

Skin Eruptions Cause Unbearable Itching

Scratching increases the irritation of the delicate skin tissue. The blood becomes infected with some impurity and the disease germs break out through the delicate tissues of the skin. They may appear as eczema, tetter, boils, pimples, scaly eruptions, caused by disease germs in the blood. The real cure, therefore, must be directed through the blood. GAMES SUNDAY
As usual, the games scheduled among the leading amateur and semi-pro teams for next Sunday, have the fans guessing which one they should watch. The main attraction will be the Halton-Dillers of Alameda, who will play the Alamedans of Alameda. The Halton-Dillers will play the Alamedans on Sunday, while the Alamedans will play the Halton-Dillers on Sunday.

TAGGING THE BASES

Charley Graham's Seals are hanging to the first division by one point and you can bet that the last few nights have been restless ones for the Seals.

The Angels saved the Seals from falling out of the first division by handling the Sacramento Coyotes a 5 to 2 triumph.

That win tied the Angels for first place with the Los Angeles team, who dropped a 2 to 1 game to the Portland Beavers.

Bill Piercy was in the box for Sacramento and the Angels landed on him for twelve hits, getting the most of them in the ninth.

Sam Crawford failed to get any hits in four trips to the plate, but his hitting in the first two games of the week has put him ahead of Elmer Smith of the Los Angeles team.

Wade Killefer, manager of the Angels again showed his love for the Seattle cast-offs by signing Elmer Smith, who had been with the first day as an Angel was to hit a triple, score a run, make a sacrifice hit and hit a home run, all in one inning.

Then Elmer celebrated the day himself by getting three hits in four trips to the plate.

Whenever Dell pitched for Vernon and allowed four hits, two of them going to Blue, who also stole two bases.

Red Oldham pitched another tough loss for the Beavers, the Tigers making their two runs in the third inning.

DOUBLE MAIN EVENT SIGNED BY SIMPSON

Promoter Tommy Simpson has given Frankie Malone and Alie Nack the places of honor on the top of his card which will be staged at the Auditorium Monday night, but the special event between Jimmy Dundee and Jimmy Ford looks just as good as the main event and as far as the cash customers are concerned there will be two main events. Next week's show will be staged Monday instead of Wednesday as the Auditorium was not available for a boxing show on the regular "fight night."

Malone is working out at Wilson's gymnasium and Alie Nack is training at the Parkside club in San Francisco. Both are working at Wilson's gymnasium and Alie Nack is training at the Parkside club in San Francisco.

Eddie Mahoney who has not been seen in a local ring for some time will make his re-appearance with Jimmy West on the other end of the bout. West in the other end of the bout. The balance of the card follows:

Here's a Russian Named "Alexander"
BATTLE CREEK, Mich., Aug. 22.—Leo Alexander, the Russian "boy wonder," won the world's high school wrestling championship wrestling title here last night by throwing "Red" Jackson, a 140-pounder, in the second fall. Both falls were secured with the headlock, the first in 58 minutes and the second in 10 minutes.

The championship belt, recently won by Brown in a New York tournament and said to be valued at \$10,000, was immediately presented to Alexander.

Druggists' Challenge Has Been Accepted
VALLEJO, Aug. 22.—The acceptance of the Vallejo Drug Store baseball team has been accepted by the Vallejo Island boys and an announcement made to the leading men and businessmen state that they will be delighted to meet the "Hot" club at Beach park at any old time.

The challenge of the druggists was made after the game which was staged last Thursday night at the Chamber of Commerce club into camp by a 9 to 6 score.

Willie Davis Will Play Australian
SOUTHAMPTON, N. Y., Aug. 22.—The best match of the Meadowbrook tennis tournament was played on the card for today, tennis experts believed, with Norman Davis, Australian, and Lyle Mahan, New York, in the singles. In the other semi-finals, Charles Oberlin, Pittsburgh, and Lyle Mahan, New York, were to meet.

SLEEPER RETURNS.
 George E. Sleeper, manager of the Oakland Clearing House Association, accompanied by his wife and family, has returned from a va-

MAN, 85, SAYS HE WAS DUPED BY BRIDE, 70

The divorce suit of 85-year-old Edward Ebert, of San Jose, against his bride of 70, with whom he lived but six days, will be heard in Alameda county. The order transferring it was issued on petition of the wife, who has established a residence at 3215 Thirteenth avenue, Oakland. Ebert declares he was duped into marrying a woman who desired only the \$25,000 property she asserts that he possesses. They had been acquainted only eleven days when the marriage took place, October 28, 1918. She proposed, avers Ebert. She told him, he says, that if he would marry her she would take good care of him for the remainder of his days. Immediately after the marriage, he alleges that she demanded that he turn over to her a part of his property and bank account. When he refused she called him, he says, a "filthy old thing," and left him.

On the next day, he says, she took him to a rooming house on the Russian river. He says that he spent much of his time swimming and boating.

WEDDING TRAGEDY TO SLANDER CASE

SAN JOSE, Aug. 22.—When Rev. James W. Kramer, former pastor of the First Baptist Church of San Jose, was accused of slander by Miss Alberta Hall, he won the sympathy and, through that, the tender regard of Ida Pelton, nearly forty years his junior. That was the principal reason for the romance, which ended in marriage in Oakland Wednesday, according to the bride's mother, Mrs. Edward Pelton, 442 Minor avenue.

There was, she says, one other contributing cause: "She is only 20 years old and so she had to have her own way."

The mother yesterday received a brief letter written by her daughter in Oakland, telling of the elopement and marriage.

"The news came to us as a surprise," said Mrs. Pelton. "We did not know they intended to elope. Ida has always been an admirer of Dr. Kramer and she is a very tender hearted and sympathetic girl. She had expressed her intention of marrying him for some time but we have repeatedly endeavored to reason her out of it."

When charges of slander were brought against Dr. Kramer by Miss Hall, Ida's love for the minister grew ten fold and in her sympathy she was drawn closer to him. We are very sure that she will be happy always. Her home here will always be open to her."

Dr. Kramer expects to go East soon, but his wife says they may return to San Jose for a short time before beginning the trip across the continent.

Representative Lea, California, protested against what he termed "browbeating and bullying witnesses."

"We are going ahead with this investigation and get at the facts regardless of whose head is hit," retorted Frear.

J. E. Frost, president of the Cedar Lake Logging Company, testified that the loggers of the northwest were not given a chance to bid on spruce contracts, but were offered sub-contracts by the "Slemmons-Kerbaugh corporation," which they indignantly refused.

"No attempt was made to consult loggers who knew the northwest like a book, until after the armistice was signed," said Frost.

Brigadier General Disque, at whom many of the charges are directed, and who commanded the spruce division, is now employed by a private concern in New York.

Evening School to Give H. S. Credits

An opportunity of earning high school credits will be offered in three departments of work to be given at Oakland Evening High School during the term which opens next Monday, August 25. Certificates of proficiency are granted for completion of work in the college preparatory, commercial and home economics courses. Students who are working for high school graduation may exchange these certificates for high school credits. Those who do not wish to work for credit may select a program to suit their needs.

School Registrations Heaviest on Record

Registration is under way today in the Oakland high schools, the principals' offices remaining open for the listing of new pupils. New students only were registered yesterday and today in most of the schools, the old students to register on the opening day of school, next Monday. This system permits the new students to arrive with study cards prepared and other details of their work settled. This year's registration is expected to be the heaviest on record.

7-Year-Old Boy Drowns in Creek

SANTA CRUZ, Aug. 22.—Lloyd Barnes, the 7-year-old son of Mr. and Mrs. A. Barnes, who live on their ranch at Montpelier, in the San Joaquin valley, was drowned in a creek at Capitola, a few miles south of here. The boy was boating with a companion. According to this companion he left to obtain a bathing suit and returned in time to see young Barnes topple from the boat into the water. The body was recovered ten minutes later, but life was extinct.

BURLESQUE BALL GAME IS BEST ARBUCKLE FILM

Funnier than any characterization he has brought to the screen in his hilarious comedies, is Fatty Arbuckle pitching baseball as the star of The TRIBUNE-Kinema motion picture weekly, now being shown at the Kinema.

Fatty's burlesque ball game, staged before the Vernon's game here a week ago, was filmed for The TRIBUNE-Kinema Weekly as well as a number of special close-ups which prove that Fatty does not have to act to be funny.

Other items of interest on the program are the landing of freshmen at the University of California; the annual convention of the Seventh Day Adventists at Beulah Park; and the presentation of a cup to the ladies of the Red Cross canteen at Oakland pier by the American Railway Express Employees, Local No. 244.

In one way Schilling Tea costs less than common tea: more cups to the pound.

In another way it costs more: You like it better. You drink it oftener, and you take more cups.

Now, of course you like the real tea-taste better than tannin-taste, and you know that tea is better for you than tannin.

So pay enough to get the real tea-flavor. Get Schilling Tea, the fine practical economical tea of this country.

There are four flavors of Schilling Tea—Japan, Ceylon, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

Roosevelt Memorial Fund Drive Planned

Plans for a campaign to raise \$197,500 in California, Nevada and Arizona for the Roosevelt memorial fund during the period beginning October 20 and ending October 28, the anniversary of the birth of the

ex-President, were outlined yesterday at a meeting in San Francisco of the state chairmen and members of the executive committee of the Roosevelt Memorial Association of the three states.

Word was received yesterday by Milton H. Eberg, chairman of the Northern California committee, from the national headquarters at the effect that a decision had been

reached to cut in half the amount set originally as the goal of a campaign to provide a memorial for Roosevelt. It is announced that a \$5,000,000 fund is the new objective of the committee.

Amounts allotted to California, Arizona and Nevada to raise are: Northern California, \$116,500; Southern California, \$58,300; Arizona, \$12,500; Nevada, \$10,000.

Meats in Storage Not "Hoarded"

Live stock is a seasonal crop—like cereals and grains.

It is "ripe" and is marketed in larger quantities in certain months. This causes a natural oversupply at one time and a natural shortage at another.

During the time of oversupply Swift & Company places some of the meat in cold storage, against the season of short production.

This is a necessity in order that the nation's ration of meat—58,000,000 pounds every day in the year—may be forthcoming as the consumer requires it.

This is not hoarding, not price manipulation, not market control. It is mere common sense.

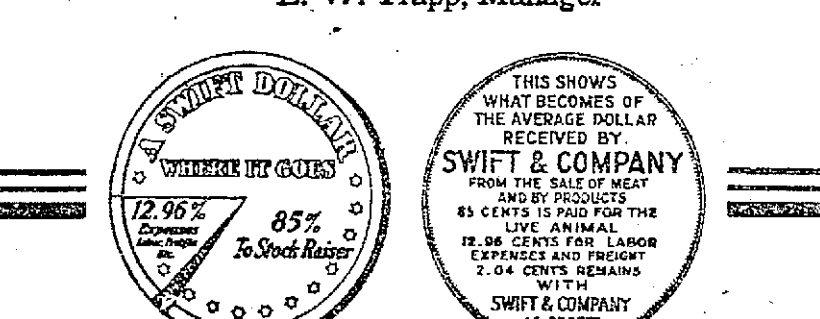

United States Bureau of Markets' figures of stocks of frozen and cured meats July 1 are being used as a basis for Department of Justice investigations in many cities. When properly analyzed, based on Swift & Company's stocks, these figures show:

- 62 per cent (approximate) is pork and beef cuts, etc., cured and in process of curing. It takes 30 to 90 days in pickle or salt to complete the curing process.
- 12 per cent is frozen pork, of which more than three-quarters is to be cured in the next few months.
- 7 per cent is lard. This is a normal supply and only four-fifths of a pound per capita, and much of it will have to go to supply European needs.
- 19 per cent is frozen beef and lamb, and miscellaneous meats, part of which is owned by the Government and was intended chiefly for overseas shipment. If this were all diverted to domestic trade channels it would be only 2 1/2 lbs. per capita—a 5 days' supply.

100%
 From this it will be seen that "meats in storage" represent unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

THE MILK IS ALREADY IN THE FLOUR

AUNT JEMIMA PANCAKE FLOUR

"I'm in town, Honey!"

The economical way to make pancakes

Everything to make good pancakes is already mixed in Aunt Jemima Pancake Flour—even the sweet milk!

Every housewife knows how necessary milk is for really good pancakes. But milk is expensive these days—and it often happens that you are out of it at the last minute when you want to make pancakes. That is why the Aunt Jemima people mix milk, in powdered form, in their pancake flour.

There's nothing for you to do but add water, and beat well—in no time at all—the tender pancakes are done. There's no chance of failure—you can count on your cakes being always light, always tender—always "the best you ever tasted." So rich-flavored, so hunger-satisfying that you'd never dream they could be made so inexpensively! Ask your grocer for a package of Aunt Jemima Pancake Flour today. Use it for delicious muffins, too!

NEW TEACHER IN LOCAL SCHOOLS

Miss Florence M. La Ganko, instructor in the foods and cookery department of the Columbia University, New York City, has been elected by the Oakland board of education as the new director of the home economics department in the Oakland public schools.

Superintendent of Schools Fred M. Hunter, during his recent visit to New York City, discovered Miss La Ganko teaching during the summer session at teachers' college of Columbia university and succeeded in persuading her to accept the directorship and supervision of the home economics, domestic art and science departments of the Oakland schools.

DIETITIAN IN HOSPITALS.

Miss La Ganko has been dietitian of large hospitals, has directed immense school cafeterias, has managed university dining rooms and has a broad experience in organization of schools, outlining courses and in teaching all of the subjects included in the home economics work of a large school system.

Miss Florence M. La Ganko is a native of Ohio. Her early education was obtained in the public schools of Cleveland. After a tour of Europe, Miss La Ganko entered upon her study of home economics at Pratt Institute, but at the con-

clusion of her first year's work she decided to complete her training at teachers' college.

Miss Florence M. La Ganko

As dietitian of St. Luke's hospital, Cleveland, Miss La Ganko received her first experience in practical home economics work. Following her two years at St. Luke's, she was invited to return to New York to take charge of the Horace Mann cafeteria, a work sufficiently onerous in itself, since it involved the preparation of seven hundred and fifty meals per day. Miss La Ganko's propensity for big undertakings, however, admitted of her taking charge of the Whittier Hall dining room during the summer session of 1917.

TEACHERS IN CLEVELAND.

It was a fitting endorsement of Miss La Ganko's service at Horace Mann and Whittier Hall in New York City that she was offered the instructorship in home economics at the college for women, Western Reserve University, Cleveland. In this capacity Miss La Ganko did the pioneer work in organizing classes, installing a students' cafeteria, college tea room, and efficiently conducting the dining room of the Flora Mather House dormitory. As a purely philanthropic venture, Miss La Ganko undertook to transmute into first class class of one of Cleveland's settlement houses.

During the past year and a half Miss La Ganko has been at teachers' college, Columbia University, New York City. She has responded to the appeal of the foods and cookery and also the household administration department by conducting classes in institutional management,

marketing and large quantity cookery.

Demonstration for Mooney is Postponed

SAN FRANCISCO, Aug. 22.—The second demonstration for Thomas Mooney, originally set for Labor day, has been postponed to October 8, the International Defense League announced today.

The demonstration will also demand withdrawal of American troops from Siberia, recognition of the Russian soviet republic and amnesty for imprisoned soldiers, sailors and conscientious objectors and war-time political prisoners, the league announced.

15TH AND CYPRESS

—For Next Sunday's Outing

When you put up your picnic lunch don't get ordinary sardines, packed in the ordinary way. Instead, ask for Santa Cruz Brand. They are packed by a special method—the "Reimer's Method"—that cooks the fish without frying in oil and preserves that fine, appealing, characteristic sardine flavor.

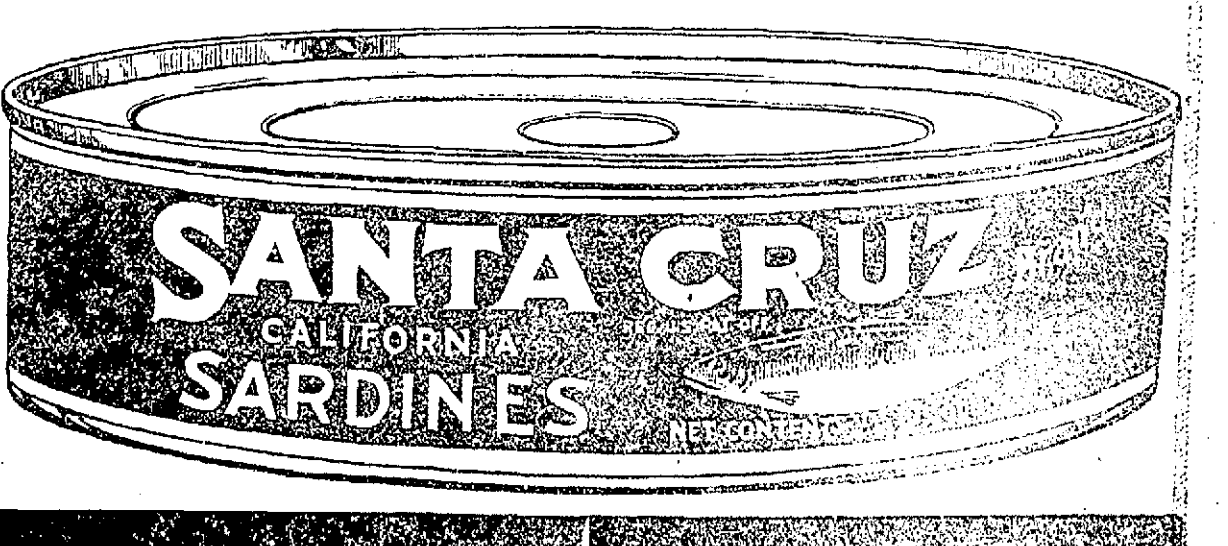

The "Reimer's Method" of canning sardines was brought by us to California from Norway. Santa Cruz Sardines are packed in the tins and inverted over a wire screen—open side down. Superheated steam under high pressure is applied. The can and contents are thoroughly sterilized. A quality is produced that is unobtainable in any other way.

Then is added one of the sauces everybody likes—Tomato Sauce, Spice or Mustard or else they are packed Au Naturel, and you have a delicacy, indeed. Sardines prepared the "Reimer's" way are thoroughly digestible, thoroughly palatable, thoroughly delicious.

Santa Cruz Canning Corporation
ALFRED GABRIELSEN CO., Selling Agents
SAN FRANCISCO

Your groceryman has Santa Cruz Brand Sardines or can easily get them for you. Order a can or two today—and ask for them by name, "Santa Cruz Brand Sardines."

"Santa Cruz Sardines Are Better"

How the "Reimer's Method" Is Different.
The common method of packing sardines is to fry them in cottonseed or peanut oil. This makes the fish greasy and when many cans are fried in the same oil they become strong and lose their natural flavor.
The "Reimer's Method" used exclusively by us in packing Santa Cruz sardines, cooks the fish by steaming instead of by frying in oil. This process leaves the fish trim, free from oil, delicate and digestible.

BOLSHEVIKI IN FLIGHT BEFORE POLISH FORCES

COPENHAGEN, Aug. 22.—Polish troops have administered a crushing defeat on the Bolsheviks and the Polish forces, are being pursued everywhere, the Polish general staff at Warsaw announces.

The fortress of Iwowa, in Volhynia, northeast of Dubno, has been captured by the Poles after hard fighting.

East of Minsk the Poles have recaptured the line of Inzhut-Dorogin.

LONDON, Aug. 22 (By the Associated Press).—Advices received by prominent Poles in London today are to the effect that Generals Petlura and Denikin are continuing their offensives respectively in west and south Russia against the Bolsheviks and with striking success.

The correspondent was informed today that General Denikin's advance probably soon would connect him with the allied troops, which would be the end of the rising of the entire Ukraine against Bolshevikism and the driving back of the Bolsheviks into the desolate regions of central Russia.

CENTERS ON TURKISTAN.

The Bolshevik drive, which heretofore has been toward Ural, now is being centered against Turkistan, where the Bolsheviks would be able to secure cotton and other supplies of which they would be deprived by the loss of the Ural.

Admiral Kolchak's fleet of coasters and his southern army have been forced back to the Orenburg-Tashkent railway. The northern Siberian coast guards are retreating and the Bolsheviks claim that they have crossed the Tiber river.

The latest information concerning the strength and distribution of the Polish army is as follows:

On the north front, 25,000; west front, 167,000; south front, 145,000; and east front, 125,000. In addition, it is estimated that they have 75,000 men available in the interior.

The Americans have taken the offensive south of Kamarska and are meeting with success.

REVERSES ADMITTED.

A Bolshevik communication received here this evening says that "fighting is proceeding along the Murmansk railway. Our advance toward the river Sura continues."

"On the southwestern front, under enemy pressure, we abandoned R."

"On the front of General Denikin's anti-Bolshevik leader in the south, after fierce fighting, our troops are retreating to the position west of Zlaty. We have abandoned Kamarska. Fierce fighting continues near Chelbely."

"On Admiral Kolchak's front we have repulsed attacks on the bank of the Irkutsk, south of Libidshensk. We are advancing east of Chelbely."

Five Officers, 178 Men, Arrive in City

Five officers and 178 men of the 1st Cavalry division, who arrived in the city today, reported that they had been in the front lines for several days and were engaged in fighting. They had been in the front lines for several days and were engaged in fighting. They had been in the front lines for several days and were engaged in fighting.

Arrested on Fraud Charge From Ukiah

Wanted on a charge of obtaining money under false pretenses, John W. Moore, 571 Mission street, Berkeley, was arrested last night in Oakland. Moore told the police the charge is the outgrowth of a cattle deal with W. O. Johnson of Ukiah.

ACQUITTED ON CHARGE

Miss Margaret Wilson, colored, was acquitted of the charge of perjury in the case of the "Coke" yesterday afternoon before Judge Koford. The jury deliberated only a few minutes. The complaining witness, upon whose testimony the girl was held, disappeared.

Court Rushes Work to Oblige Sen. Carr

This was Senator Carr's day in court. Judge Mortimer Smith's court. The senator, an attorney, told the judge he desired to start at once on a tour of the east, accompanied by his family. Carr wanted all his cases disposed of. The court obliged. The cases included those of alleged vagrants, petty thieves, motor vehicle violators and others. Carr expects to visit Senator Hiram Johnson in Washington and talk over presidential prospects.

and his preliminary hearing testimony the girl was held, disappeared.

Aid For Kolchak May Arrive Late**U. C. Educator Tells Siberia Needs**

Aid which the United States is rushing to Admiral Kolchak to stem the Bolshevik advance in Siberia may arrive too late to turn the tide of battle, according to Dr. David P. Barrows, professor of political science at the University and former officer in the American forces in Siberia who spoke today at the semi-monthly luncheon of the manufacturers' bureau of the Oakland Chamber of Commerce.

"There has been much talk about the allied invasion of Siberia," said Dr. Barrows. "If only there had been an invasion of the United States to the loyal Russian forces Kolchak would not have been in his predicament today. The allies as a whole have not had more than 20,000 troops in Russia and that certainly cannot be termed as an invasion. America's 8,000 men were sent to guard special places as were the small detachments sent by other allied nations."

KOLCHAK RUSSIA'S HOPE

Dr. Barrows declared that the success of the Kolchak government was the only hope for a real restoration of Russia.

"Admiral Kolchak may fail in the gigantic task which he has undertaken to restore Russia to normalcy and of recovering the Constitution convention which the Bolsheviks destroyed but if he fails the hope of a real restoration of Russia will with him," said Dr. Barrows. "The issue in Siberia and Russia is clearly drawn and it is impossible that American public opinion can long remain divided."

Speaking on the subject "Siberia—Opportunities and Obstacles," Dr. Barrows dispelled popular impressions of that country as an icy waste and a land of vast opportunity for the American business man. "In its boundaries, providing a government is adopted which will stabilize trade, Siberia from the point of view of industrial and mechanical resources is the most inviting country anywhere in the world today," he said. "It is a vast territory, equal in size to perhaps the whole Dominion of Canada and two thirds of the United States and with perhaps the most fertile soil. Population impressions of its forbidding climate are exaggerated. The climate is not different from that of the north central states and the Dominion of Canada and its vast steppes apparently covered in productivity the best grain land of the Dakotas or Manitoba. It has dense forests that extend for hundreds of miles in both directions. Its rivers and coast abound in fisheries and its mining resources while imperfectly explored are known to surpass any remaining undeveloped anywhere in the world."

GOLD ABANDONS

"Gold abandons Siberia and will attract thousands of Americans prospectors and miners if the country provides a government and laws favorable to economic development. The port of Vladivostok is certain to be one of the great ports of the Pacific. It is the terminus of the one-trans-continental railway of Asia—the great Siberian railway—and it possesses advantages of location and harbor which no other port in Asia can surpass and which are only slightly interfered with by the presence of harbor ice during the winter."

SIBERIA'S CHIEF NEEDS

Dr. Barrows placed the obstacles to the early development of Siberia and to America's participation in this development at three, namely: "Prohibitions of transportation, demoralization of currency and an unstable government."

NEW WATERFRONT LEASE IS PLANNED

BERKELEY, Aug. 22.—Decision has been reached to draft a new waterfront lease here with provisions in which all objectionable clauses will be eradicated and all features sustained. Today the last on which a referendum election might have been called to determine whether or not the present lease was acceptable, passed without action by the city council. It is therefore judged that Berkeley's legislators are desirous of having a complete new lease written.

Libbys Lose Suit on Hawaiian Pineapples

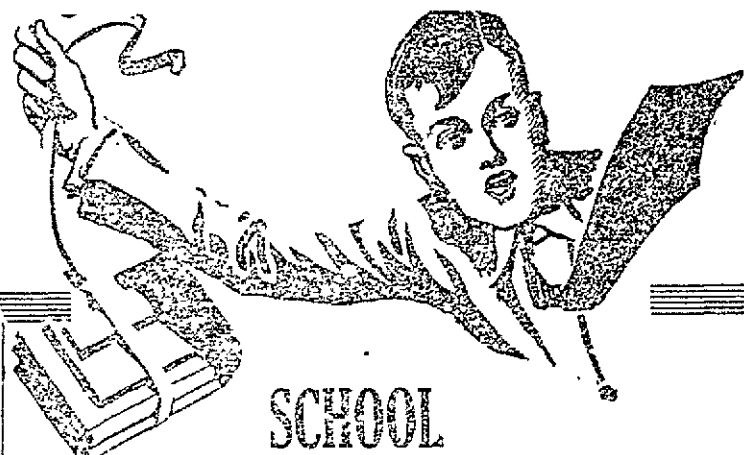

SAN FRANCISCO, Aug. 22.—The U. S. Circuit Court of Appeals has denied a further injunction to Libby, McNeill & Libby, of Honolulu, against the Hawaiian Pineapple company, involving the handling and control of so-called "smooth"

Hawaiian pineapples, the decision upholding the supreme court of the territory. The opinion, given by the court en banc, denied there was not sufficient showing for interference with the decree of the supreme court.

This decision involved the production and delivery of all the pineapples on the island of Oahu this season. Attorney Albert Suto represented Libby, McNeill & Libby.

Thirteen Injured in Auto Smashup

An automobile smash-up between the machine of Ed McKarley, of 1309 Myrtle street, Oakland, and a Los Angeles bus, resulted in injuries to thirteen persons, according to word received here from the south. McKarley, with his wife and baby, left last week for a vacation trip, which he expected would extend to Tia Juana. They had spent a few result.
